COLQUITT CRITICS SEVERELY SCORED BY WAGO PHYSICIAN

MAKES STATEMENT TENDING TO SHOW INCONSISTENCIES IN LETTER OF JOHN M. DUNCAN AND IN ANNOUNCEMENT OF CONGRESSMAN HENRY.

CITES R. L. HENRY'S RECORD

Asks the Congressman if He Has Changed His Mind as to Fundamental Principles of Law, or if Hatred of Senator Bailey Is Cause for His Stand.

Waco Morning News, Waco, Texas.

Gentlemen:

Inasmuch as you have given considerable space to Governor Colquitt's enemies and critics, and inasmuch as he has received a plurality of over 31,000 votes in the first primary, in fairness to him, I hope that you will be willing to give me a few lines to reply to some of the unfair statements appearing in your papers of recent date.

I would like to suggest in reply to Congressman Henry's statement appearing in your columns of Monday, August 21st, setting forth his reasons why he has so suddenly espoused Senator Culberson's cause, that it is passing strange that he should criticize Senator Bailey in taking an interest in Texas political campaigns and accuse him of non-citizenship, when the records of the Dallas county tax collector's office show that Mr. Culberson has never paid his poll taxes nor received an exemption certificate for the year 1915, thereby putting Senator Culberson's citizenship in question.

DECLARES CULBERSON NOT LEGAL VOTER.

The charter of the city of Waco prescribes and demands that the humblest employe must have his poll tax, or receive a certificate of exemption, before he is qualified to vote for the city. And yet Senator Culberson, a United States senator, is not as qualified to support the nominees of his party as the humblest employe of the city of Waco. For the senator is not a legal voter.

Again, Congressman Henry seems very much aggrieved that Governor Colquitt should be the choice of ex-Senator Bailey by reason of his position on states rights, as evidenced in his opposition to the passage of the bill to prevent interstate commerce in the products of child labor, for the reason that it is unconstitutional, in that it impairs the free rights of states in the control of its own affairs.

JUDICIARY COMMITTEE REPORT IS QUOTED.

This is also passing strange, for if we remember correctly, was not Congressman Henry a member of the judiciary committee of the Fifty-ninth congress, and did not that committee submit a unanimous report, in part, stating it would "be a reflection upon the intelligence of congress to pass such a legislation, and that it would be casting an unwilling burden upon the supreme court of the United States to so legislate," because of the conceded opinion of the lawyers of that congress that it was unconstitutional. If I guess that in this will not Mr. Henry refer to the Congressional Record of February 6, 1907, the date of this report, or to the Congressional Record of Monday, August 7, 1916, and say whether or not Senator Overman has misquoted him.

If Congressman Henry thought it unconstitutional then, the principles of law have not changed. Why has he? Has he changed his mind as to fundamental principles of law, or is it his hatred of Senator Bailey that causes him to make the stand?

These are questions, Congressman Henry, you should answer the people of McLennan county. If I have misquoted your record, it is because the Congressional Record is in error.

COLQUITT'S DIFFERENCE WITH ADMINISTRATION.

Again, in your issue of August 20th you print a letter from Honorable John M. Duncan, written at the behest, no doubt, of the anti-Colquitt men of Texas, in which he attempts to assail Governor Colquitt for difference of two years ago with the administration at Washington. This was done, mind you, by Governor Colquitt in 1914. Since which time those differences have been very materially minimized by protection of Texas border, etc., but why is it that Judge Duncan is reversing his position? Note the following taken from the editorial column of the Houston Chronicle of March 12th, and signed by John M. Duncan. It is as follows: "Hon. Jeff McLemore, Washington, D. C.—Is congress a drove of cattle driven donkeys or a body of patriotic independent thinkers? Does it represent the people of this country, or represent President Wilson? If the latter, what excuse has it for existence? Must it uphold the president in everything he chooses to say or do, no matter how terrible the consequences? If so, why is congress? It is a hypocritical cant to talk of the sacred right of an American citizen to travel on a belligerent armed ship, after the farcical Lusitania negotiations and the refusal to hold Germany responsible for dynamite outrages by its agents in this country."

"Some invisible but powerful, insidious and sinister influences are rushing Mr. Wilson to political annihilation, his party to annihilation, and his country into a cataclysm of blood and misery. He has, without warning, subordinated the democratic party. The tollers of this country, who create its values and why pay the expenses and furnish the 'rannon meat' in case of war, demand

TEXAS NATIONAL G. O. P. COMMITTEE SPRINGS BIG JOKE

H. F. MacGREGOR TELLS THOSE IN CHARGE OF WESTERN REPUBLICAN HEADQUARTERS HE BELIEVES HUGHES AND FAIRBANKS MIGHT CARRY TEXAS.

CITES BIG COLQUITT VOTE.

Chicago, Aug. 21.—H. F. MacGregor, republican national committeeman from Texas, told those in charge of the western republican headquarters that there was a possibility of Hughes and Fairbanks carrying Texas in November. "There is no question but that the sentiment among the voters is opposed to the administration of President Wilson," Mr. MacGregor said. "If this sentiment were registered at the polls there is no question but that Mr. Hughes would carry the state. There is no certainty of course, that this will be done, although there is a possibility of it. The people of Texas are especially dissatisfied with the democratic administration because of its Mexican policy. Mr. Hughes' statement of that policy is regarded as being eminently fair. Living on the border as we do the people of Texas have had an opportunity to observe the actual working out of that policy."

CITES BIG COLQUITT VOTE.

The sentiment among the democratic voters of the state was expressed in the recent primary vote on candidates for senator when former Governor Colquitt, who has vigorously opposed President Wilson's Mexican policy, was the highest man on the ticket. The vote is regarded as significant when it is remembered that Texas has three members of President Wilson's cabinet. Another significant feature of the situation was that only about forty per cent of the democratic vote was registered in the primary. Texas, of course, has always been a rock of support for the republican column in the republican column seems almost incredible but it will be well for political observers to keep their eyes on Texas in this campaign."

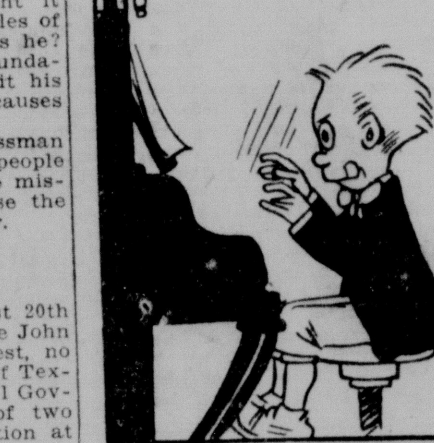

GULF STORM LIFE TOLL REACHES 15

Corpus Christi, Tex., Aug. 21.—The death toll of Friday's tropical storm was increased to fifteen late today when the finding of the body of an unidentified Mexican woman at San Diego and the succumbing to exposure of Herbert Moore, a 14-year-old boy at Aransas Pass. Previous figures gave the dead as thirteen. It was believed tonight fifteen would be the final figures, with property loss aggregating about \$2,000,000.

Electric power was restored on Corpus Christi tonight and the situation was rapidly becoming normal.

TODAY'S WEATHER.

IT DOESN'T MAKE ANY DIFFERENCE ABOUT YOUR MUSICAL TALENT, TH' IDEA IS TO KEEP YOU BUSY.

VOLUNTARY FORECAST.

By Isidor Block, D. O. S. F. R. Met. S. Optician and Meteorologist.

Partly cloudy.

A well defined barometric pressure is centered over Minnesota and Wisconsin with a low pressure extending west of this section. Dr. Block believes this will control local weather conditions and he hardly expects rain, though the tendency is to partly cloudy weather.

Local Readings.

Local readings for the twenty-four hours ending at 7 p. m. yesterday: Maximum temperature 98 1-2 degrees at 2 p. m. minimum 74 at 5 a. m. barometer 29.94, humidity 45, wind passage 85 miles at 6 p. m.

Government Forecast.

Washington, Aug. 21.—Louisiana—Tuesday and Wednesday partly cloudy with showers in southeast portion. Arkansas and Oklahoma—Tuesday and Wednesday unsettled.

East Texas—Tuesday and Wednesday generally fair.

West Texas—Tuesday and Wednesday unsettled, probably showers in the west portion.

The People Want to Know

To Oscar B. Colquitt, Candidate for the United States Senate:

You are respectfully requested to make direct answers to the following questions, in your speech in Waco tonight:

1. If you had been in the senate, how would you have voted upon the following measures: The child labor act, the anti-lottery act, the white slave act, the pure food act, the anti-narcotic act?

2. In a letter written by you and published in the New York American, December 27, 1914, you said:

"The Wilson administration has been the greatest failure in the history of the presidency."

Have you changed your opinion, or do you adhere to that belief?

3. You said in that letter:

"The administration's foreign policy has been imbecile."

Is that your present opinion?

4. You said in that letter:

"The administration's anti-trust laws are bare-faced fakes."

Do you still hold to that opinion?

5. You said in that letter:

"I believed at first that the federal reserve banking act was the administration's one meritorious achievement, but national bankers tell me it is going to prove a failure."

Do you now consider the federal reserve system a failure?

6. You said in that letter:

"I am fully convinced the national election of 1916 will end the democratic regime."

Is it now your opinion that Wilson will be beaten for the presidency?

7. If your opinion of the Wilson administration, as expressed in the letter to the New York American, is unchanged, why do you not support Hughes for the presidency?

8. On page 180, Vol. 1, of the printed record of the testimony given in the brewery suits at Sulphur Springs appears the testimony of Otto Wahrmond, manager of the San Antonio brewery, to the effect that arrangements were made to loan you \$25,000 of the funds left over from the campaign fund raised by the brewers to fight prohibition in 1914, to start you up in business;

(a) Is that statement true?

(b) Do you maintain that a man who aspires to represent Texas in the United States senate may, with propriety, accept a loan of \$25,000 from the organized brewers of Texas, and were you a United States senator from Texas would you accept such a loan?

THREATENING LETTER FIRE CAUSES HEAVY LOSS ON OKLAHOMA HUGHES' SECRETARY STATE FAIR GROUNDS

CANDIDATE IS WARNED HE WILL NEVER SIT IN PRESIDENT'S CHAIR AND IS ADVISED TO "WATCH OUT AT SANTA ANNA." LETTER IS UNSIGNED.

Long Beach, Cal., Aug. 21.—The Long Beach police made public today a letter said to have been received by the secretary of Charles E. Hughes yesterday, in which the life of the republican candidate for the presidency is threatened. According to the postmark the letter was mailed in Los Angeles late Saturday. It reads:

"We warned you before you left the supreme bench that you never would sit in the presidential chair. We will get you. Watch out at Santa Anna."

The letter is unsigned. Mr. Hughes is scheduled to pass through Santa Anna on his way from San Diego to Los Angeles.

NATIONAL GUARD TO REMAIN ON BORDER

War Secretary Declares Presence of Troops Is Winning Bloodless Victories Daily.

Washington, Aug. 21.—The National Guard will be retained on the Mexico border until it can return without endangering American lives and property. The secretary of war so declared the administration's policy today in answering a score of letters from many parts of the country complaining that the state troops were being held in service as the emergency for which they were called out apparently had passed.

In general the complainants, whose names were withheld, alleged that border service was entailing loss financially on militiamen and hardships on their families. By its presence on the border, he wrote to one, the guard is "winning bloodless victories daily." He declared that American residents along the border are enjoying a peace and security they could not know without the military forces to protect them.

An investigation was promised the westerners.

New York, Aug. 21.—More than a score of cowboys—not the moving picture brand, but the real article from New Mexico, Oklahoma, Montana and California—sought the United States district attorney's office today in an effort to obtain \$17,000 prize money for riding bucking horses and roping fractious steers at a recent exhibition at Sheephead Bay. They asked action against the management of the show for using the mails to defraud. They said they had been lured east at their own expenses by the promise of \$50,000 in prizes of which they had won \$23,174, but that less than twenty-four per cent of the amount had been paid them.

An investigation was promised the westerners.

FOUR PERSONS INJURED IN AUTO ACCIDENT

Waxahachie, Aug. 21.—Four persons were injured last night when an automobile driven by John Merritt of Ennis went over a ten-foot embankment. Merritt suffered a broken shoulder, Mrs. Merritt a broken rib and internal injuries, J. L. Webb and John Webb slightly cut and bruised. The party was returning from Elk City, Okla., where Webb lives.

Jackson, Tenn., Aug. 21.—Eight persons were killed and sixteen injured here today when three boilers at the plant of the Harlan Morris Manufacturing company exploded, wrecking the building and scattering debris over a radius of several hundred yards. It is believed all the injured will recover. The cause of the explosion had not been determined tonight.

PRESIDENT APPEALS TO PATRIOTISM OF RAILROAD HEADS

EMPHASIZES NECESSITY FOR KEEPING ROADS RUNNING AS PART OF NATIONAL DEFENSE AND AS POSSIBLE PREPARATION FOR AFTER EUROPEAN WAR CONDITIONS.

STRIKE MAY BE CALLED TOO Y

Railroad Executives Hold Another Meeting Today and Strike Committee Is Waiting Outcome Prepared to Call Strike Should All Negotiations Fail—Executives Say They Would Take Action Country Desires.

Washington, Aug. 21.—As one American citizen to another, President Wilson today appealed to each of the executives of the country's principal railroads on grounds of patriotism to accept his plan for averting the threatened disaster of a nation-wide strike. He emphasized the necessity for keeping the railroads in service as a part of the national defense and to make possible preparation for meeting conditions that will exist after the European war.

On leaving the white house the railroad presidents, augmented during the day by arrivals from the west, held a conference at which sentiment was said to be against agreeing to the president's proposal in its present form. Hope was expressed, however, that some satisfactory counter proposition might be advanced, and it was decided to turn over to a committee the task of drafting a final reply to the president. With more than sixty men, most of them with their own ideas about what ought to be done, the executives found it difficult to get down to brass tacks, as one of them expressed it.

Tomorrow morning another meeting will be held and every effort will be made to reach a decision promptly.

EXECUTIVES STILL CLING TO ARBITRATION.

The railroad heads still insist that President Wilson is asking them to sacrifice the principle of arbitration. Elsha Lee, chairman of the national conference committee of railroads, issued a statement tonight in which he said:

"That the railroads should grant under threat of a national strike a \$50,000,000 wage preference to a small minority of their employes without a hearing before a public tribunal is inconceivable in a democracy like ours. All questions at issue—wages, hours, costs, operating conditions—are submerged by the great issue: Shall arbitration be abandoned in the settlement of industrial disputes?"

The statement suggests, however, that the railroads stand ready to take whatever action the people and the country desire.

READY TO CALL GENERAL STRIKE.

While the officials were listening to President Wilson and later conferring at their hotel, the general committee of representatives of the employes who already have accepted the president's plan held a perfunctory meeting and marked time awaiting the decision of the employers. They said they would wait until President Wilson dismissed them but stood ready to call a strike should the negotiations fail.

A. B. Garretson, spokesman for the brotherhoods, declined tonight to make any comment on the railroad manager's statement. Any reply to it, he said, would be in the form of an official statement tomorrow.

TEXAS YOUNG HEBREW MEN ORGANIZE TO CARE FOR J. WS IN U. S. ARMY

San Antonio, Aug. 21.—A branch of the army and navy Young Men's Hebrew association was organized here tonight for care of Jewish men in the regular army and National Guard along the border. A report says there are nearly 6,000 of the Jewish faith in the regular army and about 18,000 in the National Guard. Rabbi Aaron Eliseman of New York came here to organize the society and the executive board is composed of well known business men of Texas, including Morris Stern as president, Ben Adler, secretary, and David J. Strauss, treasurer. A large fund is assured, according to the report of officers, and it is proposed to erect quarters at the various camps along the border and in San Antonio for the special and religious uplift of the Jewish young men. Libraries will be maintained and entertainments provided as well as religious services given.

Eight Persons Are Killed in Boiler Explosion Yesterday

Jackson, Tenn., Aug. 21.—Eight persons were killed and sixteen injured here today when three boilers at the plant of the Harlan Morris Manufacturing company exploded, wrecking the building and scattering debris over a radius of several hundred yards. It is believed all the injured will recover. The cause of the explosion had not been determined tonight.

This Time Villa Meets Death from Blood Poisoning

El Paso, Aug. 21.—A new report of the death of Villa was received here today by Andres Garcia, Mexican consul, emanating from San Gerónimo, Chihuahua. It said that the bandit chieftain died of blood poisoning, resulting from his wounds at Hualtamates, near Parral, on July 9, and was buried near there.

ANOTHER LINK MAY BE FORGED IN CHAIN OF FOES ENCIRCLING TEUTONS

Berlin Paper Declares Rumania Has Already Joined Allies and That Plans Are Laid for Russian March Through Rumanian Territory.

RUMANIA MAY DEAL BULGARIANS BLOW

Working from North in Conjunction With Allies from South Could Settle Old Scores—Russia May Cede Province of Bessarabia as Consideration for Rumania's Co-operation With Allies.

The opening of the allied offensive at Saloniki has been the signal for renewed reports that Rumania is at last about to throw in her lot with the entente. These reports are more circumstantial than before and German press comment indicates that they are far from being devoid of foundation. One Berlin paper declares that Rumania already has joined the allies and that plans are being laid for the march of a Russian army through Rumanian territory. Major Mohoratz, the German military critic, also believes that Rumania is negotiating with Russia and hints at an ultimatum to Bucharest from Germany and Austria.

The entry of Rumania into the war on the side of the entente would mean the forging of another link in the chain of foes surrounding the central powers. The material aid which Rumania could give would be of an important character. She has had between 500,000 and 600,000 troops mobilized for nearly a year and her army is reported to be one of the best equipped and trained in Europe.

Apart from possible Russian reinforcements Rumania would be in a position to deal a powerful blow at Bulgaria from the north in conjunction with the allies' drive from the south.

It has been generally understood that Russia has been willing to concede the province of Bessarabia, the population of which is largely Rumanian in return for Rumanian co-operation in the war. Bessarabia is 18,000 square miles in extent and has a population of nearly 2,000,000.

NO DECISIVE ACTION AT SALONIKI.

The great offensive operated by the allies Sunday on the Saloniki front is developing, but no decisive action has been fought.

PORTUGAL MAY ENTER THE WAR.

The repeated unofficial reports that Portugal was about to take an active share on the European battlefield apparently are confirmed by an announcement from Paris that a British-French military commission has been sent to Lisbon. Disputes over Portugal have described military preparations of a very extensive character, but there has been nothing to indicate the number of men under arms.

Special Representative of Carranza Visits Governor Asking Texas' Co-Operation

Special to The News. Austin, Tex., Aug. 21.—Gen. Juan Antonio Acosta, of Mexico City, special representative of the Carranza government, accompanied by his private secretary, J. V. Trevino, T. A. Coleman, a leading stockman of San Antonio, and E. J. Jordan, manager here of the Carranza office, reached here this morning and had a lengthy conference with Governor Ferguson. General Acosta came here as the special envoy of General Carranza and brought the good wishes of General Carranza for the continued good will and peace between the two countries, especially of Texas. He assured Governor Ferguson that it was the desire of the Mexican government to preserve the cordial relations between this country and Mexico.

He wanted to know what steps should be taken to preserve these cordial relations and what might be the operation of the state authorities. Governor Ferguson assured them of the desire of Texas for peace and harmony, and that the state would do its part to preserve these relations.

The share to be taken by the state will be met by the Carranza government, from whence General Acosta and his private secretary will proceed to Mexico City.

5,000 INVITED TO RE-NOMINATION OF PRESIDENT WILSON

New York, Aug. 21.—Chairman Vance McCormick of the democratic national committee, and Governor Fieder of New Jersey completed arrangements here today for the notification of President Wilson of his own renomination at Shadow Lawn, Long Island, New Jersey September 2nd. Invitations have been issued to five thousand persons and accommodations have been arranged for 10,000.

SIXTY FOOT WHALE TOWED INTO GALVESTON

Houston, Aug. 21.—When nine motor boats towed a sixty-foot thirty-ton fin-back whale into Galveston yesterday and boatmen lashed it to a wharf, Galveston's recent U-boat scare probably was cleared. Last week a "foreign submarine" was seen off port. Once sighted, quarantine officers and pilots went out to meet it. The whale evidently was blown ashore by a touch of the hurricane. It was found lashing itself to death in eight feet of water.

Shoots Stepfather Beating His Mother

Newport, Ark., Aug. 21.—Ralph McClosky, 14, surrendered to officers here today, saying he shot his stepfather, Jesse Daugherty last night, because the step-father was beating his mother.

WACO, TEXAS, TUESDAY, AUGUST 22, 1916.

TODAY'S WEATHER.

IT DOESN'T MAKE ANY DIFFERENCE ABOUT YOUR MUSICAL TALENT. TH' IDEA IS TO KEEP YOU BUSY.

VOLUNTARY FORECAST. By Isidor Block, D. O. S., F. R., Met. S., Optician and Meteorologist.

Partly cloudy.

A well defined barometric pressure is centered over Minnesota and Wisconsin with a low pressure extending west of this section. Dr. Block believes this will control local weather conditions and he hardly expects rain, though the tendency is to partly cloudy weather.

Local Readings. Local readings for the twenty-four hours ending at 7 p. m. yesterday: Maximum temperature 93 1-2 degrees at 3 p. m. minimum 74 at 5 a. m. barometer 29.4, humidity 45, wind passage 55 miles at 6 p. m.

The People Want to Know

To Oscar B. Colquitt, Candidate for the United States Senate: You are respectfully requested to make direct answers to the following questions, in your speech in Waco tonight:

1. If you had been in the senate, how would you have voted upon the following measures: The child labor act, the anti-lottery act, the white slave act, the pure food act, the anti-narcotic act?
2. In a letter written by you and published in the New York American, December 27, 1914, you said: "The Wilson administration has been the greatest failure in the history of the presidency." Have you changed your opinion, or do you adhere to that belief?
3. You said in that letter: "The administration's foreign policy has been imbecile." Is that your present opinion?
4. You said in that letter: "The administration's anti-trust laws are bare-faced fakes." Do you still hold to that opinion?
5. You said in that letter: "I believed at first that the federal reserve banking act was the administration's one meritorious achievement, but national bankers tell me it is going to prove a failure." Do you now consider the federal reserve system a failure?
6. You said in that letter: "I am fully convinced the national election of 1916 will end the democratic regime." Is it now your opinion that Wilson will be beaten for the presidency?
7. If your opinion of the Wilson administration, as expressed in the letter to the New York American, is unchanged, why do you not support Hughes for the presidency?
8. On page 180, Vol. 1, of the printed record of the testimony given in the brewery suits at Sulphur Springs appears the testimony of Otto Wahrmond, manager of the San Antonio brewery, to the effect that arrangements were made to loan you \$25,000 of the funds left over from the campaign fund raised by the brewers to fight prohibition in 1914, to start you up in business;

(a) Is that statement true?

(b) Do you maintain that a man who aspires to represent Texas in the United States senate may, with propriety, accept a loan of \$25,000 from the organized brewers of Texas, and were you a United States senator from Texas would you accept such a loan?

THREATENING LETTER FIRE CAUSES HEAVY LOSS ON OKLAHOMA HUGHES' SECRETARY STATE FAIR GROUNDS

CANDIDATE IS WARNED HE WILL NEVER SIT IN PRESIDENT'S CHAIR AND IS ADVISED TO "WATCH OUT AT SANTA ANNA." LETTER IS UNSIGNED.

Long Beach, Cal., Aug. 21.—The Long Beach police made public today a letter said to have been received by the secretary of Charles E. Hughes yesterday, in which the life of the republican candidate for the presidency is threatened. According to the postmark the letter was mailed in Los Angeles late Saturday. It reads: "We warned you before you left the supreme bench that you never would sit in the presidential chair. We will get you. Watch out at Santa Anna." The letter is unsigned. Mr. Hughes is scheduled to pass through Santa Anna on his way from San Diego to Los Angeles.

\$50,000 DAMAGE INCURRED WITH LOSS OF SEVERAL BUILDINGS MAY CAUSE POSTPONEMENT OF ANNUAL FAIR TO HAVE BEEN HELD NEXT MONTH.

Oklahoma City, Okla., Aug. 21.—Fire of unknown origin tonight destroyed the grand stand, concession building, the figure eight and several other smaller structures on the Oklahoma State Fair grounds, entailing a loss which will exceed \$50,000, partially covered by insurance. The blaze for a time threatened every building of the group which covers 150 acres, but hard work on the part of firemen confined the flames to the structures named.

The fire is said to have started in the livestock pavilion and spread rapidly. Before the fire department arrived all the buildings destroyed were ablaze and efforts of the firemen were confined to saving other structures. The fire will interfere with holding the annual state fair here next month, although announcement was made by the directors tonight that suitable temporary buildings may be erected in time to insure opening as per schedule.

NATIONAL GUARD TO REMAIN ON BORDER

War Secretary Declares Presence of Troops is Winning Bloodless Victories Daily.

Washington, Aug. 21.—The National Guard will be returned to the Mexico border until it can return without endangering American lives and property. The secretary of war so declared the administration's policy today in answering a score of letters from many parts of the country complaining that the state troops were being held in service as the emergency for which they were called out apparently had passed.

In general the complainants, whose names were withheld, alleged that border service was entailing loss financially on militiamen and hardships on their families. By its presence on the border, he wrote to one, the guard is "winning bloodless victories daily." He declared that American residents along the border are enjoying a peace and security they could not know without the military forces to protect them.

FOUR PERSONS INJURED IN AUTO ACCIDENT

Waxahatchie, Aug. 21.—Four persons were injured last night when an automobile driven by John Merritt of Ennis went over a ten-foot embankment. Merritt suffered a broken shoulder, Mrs. Merritt a broken rib and internal injuries, J. L. Webb and John Webb slightly cut and bruised. The party was returning from Elk City, Okla., where Webb lives.

PRESIDENT APPEALS TO PATRIOTISM OF RAILROAD HEADS

EMPHASIZES NECESSITY FOR KEEPING ROADS RUNNING AS PART OF NATIONAL DEFENSE AND AS POSSIBLE PREPARATION FOR AFTER EUROPEAN WAR CONDITIONS.

STRIKE MAY BE CALLED TOO Y

Railroad Executives Hold Another Meeting Today and Strike Committee Is Waiting Outcome Prepared to Call Strike Should All Negotiations Fail—Executives Say They Would Take Action Country Desires.

Washington, Aug. 21.—As one American citizen to another, President Wilson today appealed to each of the executives of the country's principal railroads on grounds of patriotism to accept his plan for averting the threatened disaster of a nation-wide strike. He emphasized the necessity for keeping the railroads in service as a part of the national defense and to make possible preparation for meeting conditions that will exist after the European war.

On leaving the white house the railroad presidents, assembled during the day by arrivals from the west, held a conference at which sentiment was said to be against agreeing to the president's proposal in its present form. Hope was expressed, however, that some satisfactory counter proposition might be advanced, and it was decided to turn over to a committee the task of drafting a final reply to the president. With more than sixty men, most of them with their own ideas about what ought to be done, the executives found it difficult to get down to brass tacks, as one of them expressed it.

Tomorrow morning another meeting will be held and every effort will be made to reach a decision promptly.

EXECUTIVES STILL CLING TO ARBITRATION.

The railroad heads still insist that President Wilson is asking them to sacrifice the principle of arbitration. Elisha Lee, chairman of the national conference committee of railroads, issued a statement tonight in which he said:

"That the railroads should grant under threat of a national strike a \$50,000,000 wage preference to a small minority of their employees, without hearing before a public tribunal is inconceivable in a democracy like ours. All questions at issue—wages, hours, costs, operating conditions—are submerged by the great issue of arbitration. The railroads are not in the settlement of industrial disputes."

The statement suggests, however, that the railroads stand ready to take whatever action the people and the country desire.

READY TO CALL GENERAL STRIKE.

While the officials were listening to President Wilson and later conferring at their hotels, the general committee of 640 representatives of the employees who already have accepted the president's plan held a perfunctory meeting and marked time awaiting the decision of the employees. They would wait until President Wilson dismissed them but stood ready to call a strike should the negotiations fail.

A. B. Garretson, spokesman for the brotherhoods, declined tonight to make any comment on the railroad managers' statement. Any reply to it, he said, would be in the form of an official statement tomorrow.

TEXAS YOUNG HEBREW MEN ORGANIZE TO CARE FOR J. WS IN U. S. ARMY

San Antonio, Aug. 21.—A branch of the army and navy Young Men's Hebrew association was organized here tonight for care of Jewish men in the regular army and National Guard along the border. A report says there are nearly 6,000 of the Jewish faith in the regular army and about 19,000 in the National Guard. Rabbi Aaron Eisenman of New York came here to organize the society and the executive board is composed of well known business men of Texas, including Morris Stern as president, Ben Adler, secretary, and David J. Strauss, treasurer. A large fund is assured, according to the report of officers, and it is proposed to erect quarters at the various camps along the border and in San Antonio for the special and religious uplift of the Jewish young men. Liabilities will be maintained and entertainments provided as well as religious services given.

This Time Villa Meets Death from Blood Poisoning

El Paso, Aug. 21.—A new report of the death of Villa was received here today by Andres Garcia, Mexican consul, emanating from San Gerónimo, Chihuahua. It said that the bandit chief had died of blood poisoning, resulting from his wounds at Altamira, near Parral, on July 9, and was buried near there.

ANOTHER LINK MAY BE FORGED IN CHAIN OF FOES ENCIRCLING TEUTONS

Berlin Paper Declares Rumania Has Already Joined Allies and That Plans Are Laid for Russian March Through Rumanian Territory.

RUMANIA MAY DEAL BULGARIANS BLOW

Working from North in Conjunction With Allies from South Could Settle Old Scores—Russia May Cede Province of Bessarabia as Consideration for Rumania's Co-operation With Allies.

The opening of the allied offensive in the great valley of the Danube, the main highway through Serbia, artillery action is in progress. Reports from Saloniki say that Italian troops have landed there and will join in the general offensive. This, if corroborated, means that Italy has finally decided to declare war on Germany, as the Germans admittedly are directing the Bulgarian campaign. Berlin reports the Bulgarians on the offensive and London and Paris interpret as a move for political purposes and not as a serious attack against Saloniki.

Fierce fighting continues in the region of the Stokhol, on the eastern front, where the Russian advance menaces Kovel and the German salient at Pinsk. The battle on the crest of the Carpathians also rages, both sides claiming minor successes. On the western front there has been no material change in the situation since their allies started their great attack Friday. German attacks made at several points along the British lines, according to London, met with successes. The Germans also have made a powerful effort to re-capture Fleury, in the Verdun sector, but Paris reports a complete repulse.

PORTUGAL MAY ENTER THE WAR.

The repeated unofficial reports that Portugal was about to take an active share on the European battlefield apparently are confirmed by an announcement from Paris that a British-French military commission has been sent to Lisbon. Dispatches from Portugal have described military preparations of a very extensive character, but there has been nothing to indicate the number of men under arms.

NO DECISIVE ACTION AT SALONIKI.

The great offensive operated by the allies Sunday on the Saloniki front is developing, but no decisive action has been fought.

READY TO CALL GENERAL STRIKE.

While the officials were listening to President Wilson and later conferring at their hotels, the general committee of 640 representatives of the employees who already have accepted the president's plan held a perfunctory meeting and marked time awaiting the decision of the employees. They would wait until President Wilson dismissed them but stood ready to call a strike should the negotiations fail.

SIXTY FOOT WHALE TOWED INTO GALVESTON

Houston, Aug. 21.—When nine motor boats towed a sixty-foot thirty-ton fin-back whale into Galveston yesterday and boatmen lashed it to a wharf, Galveston's recent U-boat scare probably was cleared. Last week a "foreign submarine" was seen off port. Once spotted, officers and pilots went out to meet it. The whale evidently was blown ashore by a touch of the hurricane. It was found lashing itself to death in eight feet of water.

tries, especially of Texas. He assured Governor Ferguson that it was the desire of the Mexican government to preserve these cordial relations between this country and Mexico. He wanted to know what steps should be taken to preserve these cordial relations and also sought the operation of the state authorities. Governor Ferguson assured them of the desire of Texas for peace and harmony, and that the state would do its share to preserve these relations. The party left this evening for Nuevo Laredo, Mexico, whence General Acosta and his private secretary will proceed to Mexico City.

Washington, Aug. 21.—An unexpected democratic revolt in the senate resulted in the immigration bill being taken up in defiance of the democratic caucus and opened the way for efforts to displace the revenue bill as unfinished business. An action which might indefinitely prolong the session of congress.

DEMOCRATIC REVOLT SHATTERS PLANS OF PRESIDENT WILSON DEMOCRATIC CAUCUS

Delate began on the measure immediately and proceeded until 2 o'clock when the revenue bill automatically became before the senate. Senator Smith then moved to displace the revenue bill, provoking an all afternoon discussion which will be resumed when the senate meets tomorrow. Senator Smith insisted that the immigration bill never had been a partisan issue. Today's development shut off debate on the revenue bill, but the administration leaders hope to get it under way tomorrow.

Shoots Stepfather Beating His Mother

Newport, Ark., Aug. 21.—Ralph McCloskey, 14, surrendered to officers here today, saying he shot his stepfather, Jesse McCloskey, last night because the step-father was beating his mother.

5,000 INVITED TO RE-NOMINATION OF PRESIDENT WILSON DEMOCRATIC CAUCUS

New York, Aug. 21.—Chairman Vance McCormick of the democratic national committee, and Governor Fielder of New Jersey completed arrangements here today for the notification of President Wilson of his own renomination at Shadow Lawn, Long Island, New Jersey September 2nd. Invitations have been issued to five thousand persons and accommodations have been arranged for 10,000.

HELP US KEEP DOWN THE COST OF LIVING

The Flour Mills, Bakers and the Jobbers and Distributors of Flour are facing a condition unparalleled in the history of the country. This is as true in Waco as in other parts of Texas and in other States.

With the leading brands of flour at the unprecedented price of \$8.10 a barrel to the dealer, and with every indication that it will mount higher, the housewife must forthwith concern herself with the problem of the bread-buying situation. If prices of flour remain at their present high figure—and it seems certain that they will really go higher—it will be absolutely impossible for bakers to sell the small-sized loaf at five cents, until the price again drops.

There is one bright side to the situation, however, and it is in regard to that one thing that this article is being printed. Though the price of the five-cent loaf advances to six cents—or the size of the loaf be materially reduced—for the present, at least, bakers can still make and sell the large size loaf for ten cents. It does not take any more labor to make and cut dough for the ten-cent loaf than for the five-cent loaf, nor does it take more labor in handling it to and from the oven. In wrapping it, in loading it on the wagons, or in delivering it to the stores. All this saving can be turned to the relief of the housewife, in these times of high wheat.

Not only that, but the ten-cent loaf is the ideal and practical loaf of the household. Where the family is small and all the loaf is not eaten in one day, if the bread left over is wrapped in paper and kept in the bread box it will be as fresh the second day as on the first. And besides, bread on the second day is more wholesome than on the day it is baked.

BREAD IS THE STAFF OF LIFE. HELP US TO KEEP THE COST DOWN. THE WAY TO DO THIS IS

LIONS ARE GIVING \$150 FOR REASONS

The twenty-one prizes offered by members of the Lions club for the best articles on "How to Increase the Population, Prosperity and Popularity of Waco," which are to be published in the Morning News, are causing considerable interest. More than a hundred and fifty dollars is represented in the prize list of both cash and merchandise and the number of prizes offered is especially liberal. Suggestions of all kinds bearing on just what are essential things in a city that will result in more factories, bigger industries, a livelier civic spirit are wanted. It is hoped that there will be gleaned a wonderful fund of progressive ideas, and this is the cause for the contest. The contest is a co-operative plan between this live commercial club and the Morning News.

Following is a summary of the contest rules:

The articles must not be over seventy-five words in length.

They must be addressed to the Contest Editor of the Waco Morning News.

The articles should be typewritten or written plainly with pen and ink on one side of the paper.

Any man or woman over eighteen years of age, living in the city of Waco, whether or not they are members of the Royal Order of the Lions, may compete for these prizes.

The contest closes on October 1, and the committee in charge, appointed by the Lions club, consisting of R. E. Fallow, Harry M. Baine and A. R. Wilson, will select five judges to award these prizes.

The list of prizes may be seen in Sunday's News.

Baby Sets Fire to House With Matches.

Fire, believed to have been started by a small child with a handful of matches as playthings, damaged the residence of Henry Ingram, 2101 Cleveland street, to the extent of approximately \$800, and furniture about \$250. Quick work by the department confined the blaze largely to the roof of the structure and saved nearby houses from catching. Practically all of the furniture was removed before it could be damaged to any appreciable extent. The building is owned by Cal McCrary and the damage is covered by insurance. Damage to furniture belonging to Mr. Ingram is likewise covered by insurance.

"Food Is Its Own Best Digestant"

"All too frequently, we prescribe medicines for patients who suffer from indigestion, when, as a matter of fact, what they actually need is a simple course of dietetic training, and the proper food-stuffs to train on.

"This is the famous 'reason' for the popularity of Grape-Nuts as an article of diet, viz., that it furnishes this very course of training for the digestion. It not only furnishes the natural diastase for the process of digestion, but it favors a return to normal digestive function because the firm, crisp kernels compel thorough mastication.

"One ought not to leave out of consideration the psychic element—the delicious treat to the palate afforded by a dish of Grape-Nuts and cream."

From April, 1916, American
Journal of Clinical Medicine

"There's a Reason"

Goldstein-Migel Millinery Expert Goes East

The Goldstein-Migel millinery department announces the arrival in Waco of Miss Bess McKinney, who will be at the head of the designing and trimming department this season. Miss McKinney has been connected with several of the large eastern millinery shops, and comes to Waco with an enviable reputation for success in her profession.

The employment of Miss McKinney to take charge of this work is in accordance with the Goldstein-Migel established policy of bringing to Waco each season a prominent eastern millinery expert, thus affording to the store's patrons the very best talent in the designing and trimming of their hats.

J. F. Green, one of Waco's most popular shoe salesmen, is now connected with the Goldstein-Migel shoe department, today being his first day in his new location. Mr. Green has been serving a host of well-pleased customers for the past four years in another large local shoe store, and brings to his new position a wide experience and a large circle of friends.

Mr. Green is very enthusiastic over the excellent lines of full shoes now being shown at the Goldstein-Migel store, and is inviting all his friends to call on him in his new location.

China Springs Has Forty-six Converts in Revival

Sunday night Rev. W. H. Cole, the pastor of China Springs Methodist church, preached to about six hundred people in the China Springs tabernacle. Through yesterday morning's service forty-six people had been converted and reclaimed. Rev. L. L. Evans is holding the revival and people are coming for miles around China Springs to hear him preach. Many people have attended the meeting that have not been to church in several years.

Since last night a week ago there have been conversions in every direction. The people are enjoying the solos and the leadership in the singing by J. V. Clower. The meeting will go on the rest of the week and the pastor and evangelist expect to have seventy-five or a hundred more conversions during the week.

Judging from the record business the mail order houses are doing they have fared well among the farmers for trade.

Fort Worth Live Stock Exchange for Culberson

Special to the Waco Morning News.

Fort Worth, Tex., Aug. 21.—I have just completed a fair and impartial straw vote of the qualified democratic voters of the livestock exchange, which consists of livestock commission men, their office employees, cattle and hog salesmen.

The vote:

Culberson 119
Colquitt 62

You may publish if you like.

Yours very truly,
JEROME MARTIN.

PERSONAL MENTION.

E. Lloyd of Dallas was in Waco yesterday.

Harry Hoffman of Chicago spent yesterday in Waco.

S. R. Wells of Fort Worth was in this city yesterday.

Graham Payne of Dallas was here yesterday on business.

C. A. Tatum of Dallas was on the streets of Waco yesterday.

W. Hamilton of Waxahachie spent yesterday morning in Waco.

Rev. Henry Stanford of Rogers has returned home after a visit to Waco.

Fred Acree, prominent real estate man of Moody, spent a part of yesterday in this city.

Mrs. Jack Wilson has moved from 1215 Columbus street to the Talley home, 1410 Austin avenue.

Dr. O. W. Long of Williamson, Mass., is visiting Mr. and Mrs. John T. Kelly of 2701 Gorman avenue.

S. F. Tarpley, 1916 Lyle street, traveling salesman for J. L. Case Harvesting company, leaves today for an extended trip in North Dakota.

Dr. F. P. Culver, who has been spending his vacation in Mineral Wells, writes friends that he is improving and feeling almost himself again.

Misses Pauline Irvin and Rosa Lee Lechridge, respectively of Kress and Goldstein-Migel company, left yesterday for Temple, Belton and Killeen for their week's vacation.

Rev. V. W. Wallace and wife of Corsicana passed through Waco yesterday on their way to Gatesville, where they will visit the state juvenile training school.

Mr. and Mrs. E. W. Marshall, Mr. and Mrs. Shapley Ross and Mr. and Mrs. J. B. Earle are leaving for a fishing trip at Horseneck, near Rockport. The party will be gone for a week or ten days.

The many friends of District Passenger Agent W. A. Morrow of the Missouri, Kansas and Texas railroad, will be glad to know that he was feeling some better yesterday. He still is in Dallas at the hospital, however.

R. R. Roberts of Dallas, accompanied by his wife and the Misses McClure and Orr, passed through Waco yesterday, stopping at the State House for awhile. They had been to Lake Medina for an outing and were traveling by motor.

Ferdinand M. Sarrs, who returned home Monday morning from a visit with his college friend, Delbert Rich, Temple at his home "Delbar," reports that the farmers in that vicinity expect to make half a bale of cotton to the acre, and also expects to secure a good price for same. Cotton looked good but would develop more with some rain. While en route Mr. Sarrs met Sergeant Woods of the Kansas City, Mo., national guards, who together with seventeen other members of his company was returning home, as his time had expired. He related many interesting incidents of "camp" life on the border and stated that the "boys" were being well taken care of. While there he had an attack of appendicitis and was placed in ice for three days. He stated that the army surgeons were experienced men and had handled the situation well. He said only one man had committed suicide during his stay on the border and that orders had been issued to release all married men and those who had others depending upon them. He stated that the "boys" were allowed a great many privileges and their life there compared favorably with college life in many respects.

W. N. Keathley.

W. N. Keathley, aged 46, died at 11:30 yesterday morning at his home, 1700 South Third street. The funeral will be held this morning from the residence at 10 o'clock. Rev. W. B. Holland, pastor of the Clay Street Baptist church, will officiate. Interment will follow at Greenwood.

Surviving the deceased are the wife, three daughters, Mrs. B. C. Cook of Marlin, Mrs. J. M. Vyrick of Palestine and Miss Jessie Keathley of Waco, and a son, Bryant Keathley of Waco.

BAN WILL BE PUT ON BAD EGGS HERE

Rotten eggs are a violation of the Texas Food and Drug law and Dr. R. H. Hodges, city food inspector, said yesterday that he proposed to see that the law was enforced in Waco. Dr. Hodges said that there were a good many "bad" eggs sold in Waco, and that he was going to lend his efforts to keeping the unfit eggs out of the channels of distribution. He said that there have been cases where the merchant was loath to make a refund to the purchaser when rotten eggs were sold. No one in Texas can be compelled to pay for spoiled eggs, he explained.

Dr. Hodges said that many eggs could be saved if a little more care was taken. He advocated the farmers gathering their eggs twice a day during the summer, placing them in a cool cellar or ice box and marketing them twice a week or oftener. He strongly recommended that all eggs be candied or tested. If the merchant candied the eggs which he buys from the farm, he would teach the farmer to be more careful, he thought.

Dr. Hodges began the distribution of placards yesterday among the merchants which contain the following information:

It is a violation of the Texas Food and Drug law to sell any "filthy," decomposed, or putrid animal or vegetable substance. It is a violation of the law therefore, to sell rotten eggs, or have them in possession with intent to sell.

It is the opinion of food control officials that eggs which contain yolks stuck to shells, moldy eggs, black spots, mixed rots, added eggs, black rots, and any other eggs which consist wholly or in part of a filthy, decomposed, or putrid substance, are adulterated.

The United States department of agriculture gives notice that interstate shipments of adulterated eggs containing more than five cent (five percent) of the case of bad eggs, will be regarded as violating the food and drug act.

May Plan Campaign for Big Round-Up New Y.M.B.L'ers.

It is now planned to put on a membership campaign before the present administration of the Y. M. B. L. gives place to the succeeding administration, and if this is done, plans will be laid to make the campaign a quick, gingery and effective one.

The directors of the organization will hold a meeting tonight, and they will be one of the matters to receive attention. In order to handle the propositions which are expected to be under consideration during the coming cooler weather, it is desired to have a large and active membership, and it is thought that this can be accomplished best through the membership plan.

Steel Piling Expected Soon for Repairing Brazos Dam

The steel piling for use in closing the leak in the dam of the Brazos eleven miles below the city is expected any day now, so it is understood, and when it arrives there will be considerable activity again until it shall have been placed.

With this leak disposed of, the lock and dam will be in a position to operate permanently.

W. J. Craig Is Now With New Firm of Leopold & Hooks

W. J. Craig, who has been connected for a number of years with the men's furnishing department of one of the largest stores in the city, is now manager of the furnishing department of Leopold & Hooks, the Style Shop.

Mr. Craig has studied the gentleman's furnishings as a fine art and he may be taken as an authority on gentility in what the man wears. He has many friends in the city who will be glad to learn of his connection with the popular new Style Shop.

Cotton Takes Jump; Twenty-two Bales Weighed Yesterday

Public Weigher Sam Nix weighed up twenty-two bales of cotton yesterday, which is considered very good for Monday, as this is usually not a day on which a great deal of cotton comes in.

The price ranged up as high as 14.5 a pound yesterday, the market having advanced from thirty to forty points yesterday. The behavior of cotton is being watched with absorbing interest just at present, and indications just now are that the market may go still higher.

J. B. Sawtell Back From Visit to Detroit Maccabees

J. B. Sawtell, state commander of the Maccabees, has just returned from Detroit, Mich., where he attended a special meeting of the Supreme Tent of that order, called to consider the question of arranging to keep in force policies upon members who may be called into military service of the nation. A plan was adopted whereby such policies may be continued in force.

Mr. Sawtell says that the republicans whom he met at the meeting were exultant over the late senatorial primary in Texas, and said they were glad to know that President Wilson had been repudiated by the democracy of Texas. Mr. Sawtell said the senatorial primary was the subject of general discussion and that republicans from all over the country claimed that the result assured the election of Hughes.

The Proof of the Pudding Is in the Eating.

What the sick want is to get well. They do not care whether they are cured by the most scientific physician or the most unlearned neighbor—they don't care how they are cured, if only they get well.

For forty years women suffering from female ills have been taking Lydia E. Pinkham's Vegetable Compound and have been getting well; and because they have got well, that great medicine continues to have a sale equalled by that of few proprietary preparations.

Red Cross Sewing and First Aid Classes Meet Today

Members of the committee of the Red Cross on the proposed progressive card party will meet this morning at the society headquarters on Austin street. This is also the morning for the members of the society who are helping in the sewing to meet. All women of the city interested in co-operating in the making of Red Cross supplies are cordially invited to assist.

Dr. I. L. McGlasson in charge of the First Aid class of the local society, will begin a second series of lectures this evening at 8 o'clock. The lecture will deal with the care of the wounded and duties of nurses in assisting the medical corps.

ACIDS IN THE SYSTEM

Acids accumulating in the system in excess, poison the blood and cause a great variety of diseases, affecting the skin and other mucous surfaces, the heart and arteries, brain and general nervous system, joints and muscles.

Some of these diseases are Rheumatism in its many forms, Catarrh, Eczema, Hives, itching and burning of the skin, dizziness, mental depression and a variety of other ailments. You must eliminate the acid from your system and purify your blood before you can be rid of your trouble.

S. S. S. has been purifying and nourishing the blood for over half a century. It is also a very efficient tonic and being purely vegetable, it is the most efficient agent known in the cleansing of the blood and toning up of the system.

Call for it at your druggists and don't accept a substitute. If special medical advice is desired write Medical Department 93, Swift Specific Co., Atlanta, Ga.

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, the natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depressions, aches and pains, heaviness, chilliness, irritability, headaches, chills and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. Write Dr. Pierce at once, send 10 cents for large trial package, or 50 cents for full treatment of "Anuric" or ask your druggist for it.

During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for kidney trouble and backache. Neglected kidney trouble is responsible for many deaths, and insurance company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the medical staff of the Invalids' Hotel. If you wish to know your condition, send a sample of your water to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his staff of assisting physicians will inform you truthfully.

HELP US KEEP DOWN THE COST OF LIVING

The Flour Mills, Bakers and the Jobbers and Distributors of Flour are facing a condition unparalleled in the history of the country. This is as true in Waco as in other parts of Texas and in other States.

With the leading brands of flour at the unprecedented price of \$8.10 a barrel to the dealer, and with every indication that it will mount higher, the housewife must forthwith concern herself with the problem of the bread-buying situation. If prices of flour remain at their present high figure—and it seems certain that they will really go higher—it will be absolutely impossible for bakers to sell the small-sized loaf at five cents, until the price again drops.

There is one bright side to the situation, however, and it is in regard to that one thing that this article is being printed. Though the price of the five-cent loaf advances to six cents—or the size of the loaf be materially reduced—for the present, at least, bakers can still make and sell the large size loaf for ten cents. It does not take any more labor to make and cut dough for the ten-cent loaf than for the five-cent loaf, nor does it take more labor in handling it to and from the oven, in wrapping it, in loading it on the wagons, or in delivering it to the stores. All this saving can be turned to the relief of the housewife, in these times of high wheat.

Not only that, but the ten-cent loaf is the ideal and practical loaf of the household. Where the family is small and all the loaf is not eaten in one day, if the bread left over is wrapped in paper and kept in the bread box it will be as fresh the second day as on the first. And besides, bread on the second day is more wholesome than on the day it is baked.

LIONS ARE GIVING \$150 FOR REASONS

The twenty-one prizes offered by members of the Lions club for the best articles on "How to Increase the Population, Prosperity and Popularity of Waco," which are to be published in the Morning News, are causing considerable interest. More than a hundred and fifty dollars is represented in the prize list of both cash and merchandise and the number of prizes offered is especially liberal. Suggestions of all kinds bearing on just what are essential things in a city that will result in more factories, bigger industries, a livelier civic spirit are wanted. It is hoped that there will be a wonderful fund of progressive ideas, and this is the cause for the contest and the motif for the generosity of the Lions. The contest is a co-operative plan between the live commercial club and the Morning News.

Following is a summary of the contest rules:

The articles must not be over seventy-five words in length.

They must be addressed to the Contest Editor of the Waco Morning News.

The articles should be typewritten or written plainly with pen and ink on one side of the paper.

Any man or woman over eighteen years of age, living in the city of Waco, whether or not they are members of the Royal Order of the Lions, may compete for these prizes.

The contest closes on October 1, and the committee in charge, appointed by the Lions club, consisting of R. E. Pellow, Harry M. Baine and A. R. Wilson, will select five judges to award these prizes.

The list of prizes may be seen in Sunday's News.

Baby Sets Fire to House With Matches.

Fire, believed to have been started by a small child with a handful of matches as playthings, damaged the residence of Henry Ingram, 2101 Cleveland street, to the extent of approximately \$800, and furniture about \$250. Quick work by the department confined the blaze largely to the roof of the structure and saved nearby houses from catching. Practically all of the furniture was removed before it could be damaged to any appreciable extent. The building is owned by Cal McCrary and the damage is covered by insurance. Damage to furniture belonging to Mr. Ingram is likewise covered by insurance.

Goldstein-Migel Millinery Expert Goes East

The Goldstein-Migel millinery department announces the arrival in Waco of Miss Bees McKinney, who will be at the head of the designing and trimming department this season. Miss McKinney has been connected with several of the large eastern millinery shops, and comes to Waco with an enviable reputation for success in her profession.

The employment of Miss McKinney to take charge of this work is in accordance with the Goldstein-Migel established policy of bringing to Waco each season a prominent eastern millinery expert, thus affording to the store's patrons the very best talent in the designing and trimming of their hats.

J. F. Green, one of Waco's most popular shoe salesmen, is now connected with the Goldstein-Migel shoe department, today being his first day in his new location. Mr. Green has been serving a host of well-pleased customers for the past four years in another large local shoe store, and brings to his new position a wide experience and a large circle of friends.

Mr. Green is very enthusiastic over the excellent lines of fall shoes now being shown at the Goldstein-Migel store, and is inviting all his friends to call on him in his new location.

China Springs Has Forty-six Converts in Revival

Sunday night Rev. W. H. Cole, the pastor of China Springs Methodist church, preached to about six hundred people in the China Springs tabernacle. Through yesterday morning's service forty-six people had been converted and reclaimed. Rev. L. L. Evans is holding the revival and people are coming for miles around China Springs to hear him preach. Many people have attended the meeting that have not been to church in several years.

Since last night a week ago there have been conversions in every service. The people are enjoying the school and the leadership in the singing by J. V. Clower. The meeting will go on the rest of the week and the pastor and evangelist expect to have seventy-five or a hundred more conversions during the week.

Judging from the record business the mail order houses are doing they have fared well among the farmers for trade.

Fort Worth Live Stock Exchange for Culberson

Special to the Waco Morning News.

Fort Worth, Tex., Aug. 21.—I have just completed a fair and impartial straw vote of the qualified democratic voters of the livestock exchange, which consists of livestock commission men, their office employees, cattle and hog salesmen.

The vote:

Culberson 119

Colquitt 62

You may publish if you like.

Yours very truly,

JEROME MARTIN.

PERSONAL MENTION.

E. Lloyd of Dallas was in Waco yesterday.

Harry Hoffman of Chicago spent yesterday in Waco.

S. R. Wells of Fort Worth was in this city yesterday.

Graham Payne of Dallas was here yesterday on business.

C. A. Tatum of Dallas was on the streets of Waco yesterday.

J. W. Hamilton of Waxahachie spent yesterday morning in Waco.

Rev. Henry Stanford of Rogers has returned home after a visit to Waco.

Fred Acee, prominent real estate man of Moody, spent a part of yesterday in this city.

Mrs. Zac Wilson has moved from 1215 Columbus street to the Talley home, 1410 Austin avenue.

Dr. O. W. Long of Williamstown, Mass., is visiting Mr. and Mrs. John T. Kelly of 2701 Gorman avenue.

S. F. Tarpley, 1916 Lyle street, traveling salesman for J. L. Chase Hardware company, leaves today for an extended trip in North Dakota.

Dr. F. P. Culver, who has been spending his vacation in Mineral Wells, writes friends that he is improving and feeling almost himself again.

Misses Pauline Irvin and Rosa Lee Lochridge, clerks, respectively, at Kroger and Goldstein-Migel company, left yesterday for Temple, Belton and Killeen for their week's vacation.

Rev. V. W. Wallace and wife of Corsicana passed through Waco yesterday on their way to Gatesville, where they will visit the state juvenile training school.

Mr. and Mrs. E. W. Marshall, Mr. and Mrs. Shapley Ross and Mr. and Mrs. J. B. Earle are leaving for a fishing trip at Sarsons club near Rockport. The party will be gone for a week or ten days.

The many friends of District Passenger Agent W. A. Morrow of the Missouri, Kansas and Texas railroad, will be glad to know that he was feeling some better yesterday. He still is in Dallas at the hospital, however.

R. R. Roberts of Dallas, accompanied by his wife and the Misses McClure and Orr, passed through Waco yesterday, stopping at the State House for awhile. They had been to Lake Medina for an outing and were traveling by motor.

Ferdinand S. Marrs, who returned home Monday morning from a visit with his college friend, E. Delbert Rich, in Temple at his home "Delbar," reports that the farmers in that vicinity expect to make half a bale of cotton to the acre, and also expect to secure a good price for same. Cotton looked good but would develop more with some rain. While en route Mr. Marrs met Sergeant Woods of the Kansas City, Mo., national guards, who together with seventeen other members of his company was returning home, as his time had expired. He related many interesting incidents of "camp" life on the border and stated that the "boys" were being well taken care of. While there he had an attack of appendicitis and was placed in ice for three days. He stated that the army surgeons were experienced men and had handled the situation well. He said only one man had committed suicide during his stay on the border and that orders had been issued to release all married men and those who had others depending upon them. He stated that the "boys" were allowed a great many privileges and their life there compared favorably with college life in many respects.

W. N. Keathley.

W. N. Keathley, aged 46, died at 11:30 yesterday morning at his home, 1700 South Third street. The funeral will be held this morning from the residence at 10 o'clock. Rev. W. R. Holland, pastor of the Clay Street Baptist church, will officiate. Interment will follow at Greenwood.

Surviving the deceased are the wife, three daughters, Mrs. B. C. Cook of Martin, Mrs. J. M. Wyrick of Palestine and Miss Jessie Keathley of Waco, and a son, Bryant Keathley of Waco.

BAN WILL BE PUT ON BAD EGGS HERE

Rotten eggs are a violation of the Texas Food and Drug law and Dr. R. H. Hodges, city pure food inspector, said yesterday that he proposed to see that the law was enforced in Waco. Dr. Hodges said that there were a good many "bad" eggs sold in Waco and that he was going to lend his efforts to keeping the unfit eggs out of the channels of distribution. He said that there have been cases where the merchant was loath to make a refund to the purchaser when rotten eggs were sold. No one in Texas can be compelled to pay for spoiled eggs, he explained.

Dr. Hodges said that many eggs could be saved if a little more care was taken. He advocated the farmers gathering their eggs twice a day during the summer, placing them in a cool cellar or ice box and marketing them twice a week or oftener. He strongly recommended that all eggs be candied or tested. If the merchant catches the eggs which he buys from the farmer, it will teach the farmer to be more careful, he thought.

Dr. Hodges began the distribution of placards yesterday among the merchants which contain the following information:

It is a violation of the Texas Food and Drug law to sell any "filthy," decomposed, or putrid animal or vegetable substance. It is a violation of the law therefore, to sell rotten eggs, or have them in possession with intent to sell.

It is the opinion of food control officials that eggs which contain yolk stuck to shell, mouldy eggs, black spots, mixed rots, added eggs, black rots, and any other eggs which consist wholly or in part of a filthy, decomposed, or putrid substance, are adulterated.

The United States department of agriculture gives notice that interstate shipments of adulterated eggs containing more than five per cent (eighteen cases) of bad eggs, will be regarded as violating the food and drug act.

May Plan Campaign for Big Round-Up New Y.M.B.L'ers.

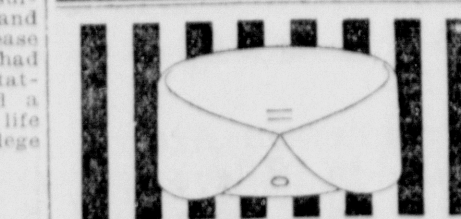

It is now planned to put on a membership campaign before the present administration of the Y. M. B. L. gives place to the succeeding administration, and if this is done, plans will be laid to make the campaign a quick, gingery and effective one.

The directors of the organization will hold a meeting tonight, and this will be one of the matters to receive attention. In order to handle the propositions which are expected to be under consideration during the coming cooler weather, it is desired to have a large and active membership, and it is thought that this can be accomplished best through the membership plan.

Steel Piling Expected Soon for Repairing Brazos Dam

The steel piling for use in closing the leak in the dam of the Brazos eleven miles below the city is expected any day now, so it is understood, and when it arrives there will be considerable activity again until it shall have been placed.

With this leak disposed of, the lock and dam will be complete, as the east bank, where there had been some erosion from high water, has been fixed permanently.

W. J. Craig Is Now With New Firm of Leopold & Hooks

W. J. Craig, who has been connected for a number of years with the men's furnishing department of one of the largest stores in the city, is now manager of the furnishing department of Leopold & Hooks, the Style Shop.

Mr. Craig has studied the gentleman's furnishings as a fine art and he may be taken as an authority on gentility in what the man wears. He has many friends in the city who will be glad to learn of his connection with the popular new Style Shop.

Cotton Takes Jump; Twenty-two Bales Weighed Yesterday

Public Weigher Sam Nix weighed up twenty-two bales of cotton yesterday, which is considered very good for Monday, as this is usually not a day on which a great deal of cotton comes in.

The price ranged up as high as 14.55 a pound yesterday, the market having advanced from thirty to forty points yesterday. The behavior of cotton is being watched with absorbing interest just at present, and indications just now are that the market may go still higher.

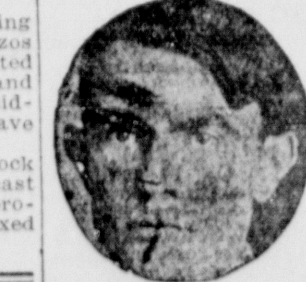

J. B. Sawtell Back From Visit to Detroit Maccabees

J. B. Sawtell, state commander of the Maccabees, has just returned from Detroit, Mich., where he attended a special meeting of the Supreme Tent of that order, called to consider the question of arranging to keep in force policies upon members who may be called into military service of the nation. A plan was adopted whereby such policies may be continued in force. Mr. Sawtell says that the republicans whom he met at the meeting were glad to know that President Wilson had been repudiated by the democracy of Texas. Mr. Sawtell said the senatorial primary was the subject of general discussion and that republicans from all over the country claimed that the result assured the election of Hughes.

The Proof of the Pudding Is in the Eating.

What the sick want is to get well. They do not care whether they are cured by the most scientific physician or the most unlearned neighbor—they don't care how they are cured, if only they get well.

For forty years women suffering from female ill have been taking Lydia E. Pinkham's Vegetable Compound and have been getting well; and because they have got well, that great medicine continues to have a sole equality by that of few proprietary preparations.

Red Cross Sewing and First Aid Classes Meet Today

Members of the committee of the Red Cross on the proposed progressive card party will meet this morning at the society headquarters on Austin street. This is also the morning for the members of the society who are helping in the sewing to meet. All women of the city interested in co-operating in the making of Red Cross supplies are cordially invited to assist.

Dr. I. L. McGlasson in charge of the First Aid class of the local society, will begin a second series of lectures this evening at 5 o'clock. The lecture will deal with the care of the wounded and duties of nurses in assisting the medical corps.

ACIDS IN THE SYSTEM

Acids accumulating in the system in excess, poison the blood and cause a great variety of diseases, affecting the skin and other mucous surfaces, the heart and arteries, brain and general nervous system, joints and muscles.

Some of these diseases are Rheumatism in its many forms, Catarrh, Eczema, Hives, itching and burning of the skin, dizziness, mental depression and a variety of other ailments. You must eliminate the acid from your system and purify your blood

before you can be rid of your trouble. S. S. S. has been purifying and nourishing the blood for over half a century. It is also a very efficient tonic and being purely vegetable, it is the most efficient agent known in the cleansing of the blood and toning up of the system.

Call for it at your druggists and don't accept a substitute. If special medical advice is desired write Medical Department 93, Swift Specific Co., Atlanta, Ga.

THE NEWEST REMEDY FOR BACKACHE, RHEUMATISM AND DROPSY

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, the natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depressions, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. Write Dr. Pierce at once, send 10 cents for large trial package, or 50 cents for full treatment of "Anuria" or ask your druggist for it.

During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuria," the new discovery of Dr. Pierce for kidney trouble and backache. Neglected kidney trouble is responsible for many deaths, and insurance company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the medical staff of the Invalids' Hotel. If you wish to know your condition, send a sample of your water to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his staff of assisting physicians will inform you truthfully.

"Food Is Its Own Best Digestant"

"All too frequently, we prescribe medicines for patients who suffer from indigestion, when, as a matter of fact, what they actually need is a simple course of dietetic training, and the proper food-stuffs to train on.

"This is the famous 'reason' for the popularity of Grape-Nuts as an article of diet, viz., that it furnishes this very course of training for the digestion. It not only furnishes the natural diastase for the process of digestion, but it favors a return to normal digestive function because the firm, crisp kernels compel thorough mastication.

"One ought not to leave out of consideration the psychic element—the delicious treat to the palate afforded by a dish of Grape-Nuts and cream."

From April, 1916, American Journal of Clinical Medicine

Social Calendar for This Tuesday.
Miss Willie Killough for Miss Rose Fuhr, 825 South Fifth street, 5 to 7 p. m.

Miss Alma Louise Geer Coming Hostess.
Invitations are being extended by Miss Alma Louise Geer for a party on next Saturday evening at five-thirty. This pleasure for the little folks will be given by the grandmother, Mrs. James B. Baker.

Domestic Science Club Will Meet Thursday.

As president, Mrs. Robert B. Dupree makes announcement that the Domestic Science club will meet Thursday of this week with Mrs. E. R. Nash, Jr., 1625 Morrow street, at five o'clock. The members will please take notice of the change from Wednesday, the regular day of meeting, and also the change in the hour.

The following has been received: Baylor University cordially invites you to hear the well-known lecturer Dr. H. C. Musselman Baylor Campus, 8:15 sharp, Aug. 21—Physical Vigor and Forceful Personality. August 22—The Social Life of the Teacher and Personality. August 23—Books That Are Brain Builders.

Woman's Day at Huaco Club Thursday.

With four popular matrons in charge, Woman's day at the Huaco club Thursday bids fair to be one of the largest this season. There will be the bridge game, beginning at ten-thirty, every body forming their own bridge parties, and each hostess providing her own prizes, with a sweepstake prize given by the club. Those wishing to engage tables for bridge are asked to phone either Mrs. I. E. Colkin or Mrs. John F. Wright. There will be a putting match just in front of the club house. Those wishing to enter in the contest are asked to phone either Mrs. Turner Hubby or Mrs. Buford McWhirter.

Hamlet—On Church Finance.

"To pledge or not to pledge That is the question, Whether 'tis nobler in a man To make the Gospel free and let another foot the bill, Or to sign a pledge and help to pay the Church expenses."

When, on the free-pew plan, a man may have a sitting free, And take the Gospel, too, As though he paid, And none the wiser be, Save the Church's committee, who, Most honorable men—can keep it a secret.

To err is human; human, too, to buy at cheap rate, I'll take the Gospel so. For others do the same, a common rule, I'm wise; I'll wait, not work. I'll pray, not pay, and let the others foot the bills, And so with me the Gospel's free, you see."

The Presbyterian Joint Executive Committee, with apologies to Shakespeare.

Looking Backward in the Society Column.

(From Bulletin of November 13, 1898.)
We hope to have one clipping appearing weekly in this department "Looking Backward in the Society Column" of our city. The editor will appreciate and preserve carefully any items contributed to her for this same.

Sunday evening Mr. and Mrs. McMullen were brought to a sudden realization of their tenth wedding anniversary by the deafening blare of tin horns and the rattle of tin buckets, plates, popcorn poppers and various other tin kitchen utensils brought as

souvenirs by a large party of their friends.

The affair was a surprise inspired by Mrs. Conger, who assembled this gay company at Mrs. Higginson's and then quietly led them across the street to storm the home of the unsuspecting host and hostess.

Mr. and Mrs. McMullen were thoroughly equal to the occasion and threw open their home most cordially. Various impromptu amusements were indulged in, finishing with a cake walk and Virginia reel.

A pretty compliment was the original toast song, sung and composed by Mrs. Courtney Lawrence.

Here's to the man, Tom McMullen! Here's to the maid that he wedded Ten long years ago. Thought it doesn't seem so To them as life's pathway they threaded.

Merry and gay, merry and gay, Fill up the bright hours with laughter; Drink to the ones who've not yet begun The journey, but follow after.

Here's to the health Of friends each and all! Here's to their future successes! Here's to the fools Who marry for wealth And live without love and caresses.

Let us be gay, merry and gay, Making life sunshine and beauty; Follow these two; there'll be nothing to rue So long as remembered is duty.

Here's to the man who does what he can To keep his wife pretty and happy. She's sweet as a rose Outside—but who knows? At home to her husband she's snappy.

They should be gay, merry and gay, An example of love in a cottage, Smile and be slow to anger, altho' They live on corn bread and cold potage!

Here's to the folks Who are such awful pokes They never have had any chances To take up the life Of husband and wife And are mad when a rival advances!

Let them be gay, merry and gay! Control their unfortunate wishes, And laugh at the joke As others go broke— The ones who do not get good fishes!

The party was composed of Misses Killough, Higginson, Annie Higginson, Prater, Johnston, Irene Johnson, Gardner, Allen Gardner, McAfee of Fort Worth, Cameron, Maggie Cameron, Goodrich, Eubank, Robertson, Brynes, Conger, Cox of Bruceville, Randle, Ruby Randle, Plunkett, Parker of Bryan, Knight of Dallas; Messrs. Chandler, Higginson, Brown, Plunkett, Sears, Earle, Cornish, Bell, Conger, Seely, Halpinke, Maxwell, McCall, Irvine Berry, Mr. and Mrs. John Steeper, Mr. and Mrs. Price, Dr. and Mrs. Hengst, Dr. and Mrs. Ferrell, Dr. and Mrs. W. O. Wilkes, Mrs. Conger, Mrs. Courtney Lawrence, Mrs. Paul Montgomery, Mrs. Killough, Mrs. Hale and Mrs. Randle.

Delightful refreshments were served.

Mrs. C. W. Schraeder Is Showered.
A very pretty little affair was arranged by Mesdames B. W. Cheaves and Mrs. L. E. Williamson at the home of Mrs. S. S. Ripley for Mrs. C. W. Schraeder, a recent bride. It was a linen shower. As the bride reached the parlor door she was greeted with a pretty presentation speech by little

Mary Catharine Cheaves, Little Eva Cheaves and Ruth Ripley, dressed as Cupids, with their bows and arrows, shot the bag of linen which was suspended from the transom, and a wealth of linen fell over the bride's head and around her feet. After the linen was admired, Mrs. J. D. Jones thanked the ladies, making a pretty little talk. Another pleasing feature of the afternoon was the accidental meeting of Mrs. D. B. Webster and the groom's sisters, the Misses Schraeder, Mrs. Webster having acted as bride's maid and her father the officiating minister at the wedding of the Misses Schraeder's mother. Many musical numbers were rendered by Miss Evelyn Ripley, Miss Marie Fell and Miss Schraeder.

Ice cream and cake were served by little Misses Evelyn Ripley, Lucile Williamson and Mary Catharine Cheaves.

The following ladies were present: Mesdames W. F. Fell, B. F. Brentlinger, G. G. Hood, L. N. Miller, A. J. Murphy, D. B. Evers, J. D. Jones, O. D. Lewis, W. F. Andrus, W. H. Gibson, B. W. Cheaves, G. B. Campbell, S. S. Ripley, R. W. Gunn, C. M. Mack and Misses Venetian Murphy, Marie Fell and Hattie and Emma Schraeder and little Misses Mary Catharine Cheaves, Lucile Williamson, Eva Williamson Cheaves, Evelyn and Ruth Ripley.

Mrs. Lucile Stratton Kirksey Now Mrs. W. A. Hoke.

Quite a ripple of excitement was caused on Saturday when it was learned that Mrs. Lucile Stratton Kirksey and Dr. H. E. Hoke were married at ten o'clock that morning at the home of Rev. F. N. Calvin, the pastor of both bride and bridegroom. Just as quietly and without any ostentation whatever, did this young couple plight their troth.

Friends had scheduled this wedding for early fall, for it was known to many that this handsome young doctor loved sweet Lucile Kirksey, but they were quietly away and making their vows before the man of God who had watched this young bride grow from childhood to useful womanhood. Mrs. Hoke is the oldest daughter of Mr. and Mrs. S. E. Stratton of this city. She has known no other home than Waco, though frequent visits to Tennessee, the home of her parents, Kentucky and other states, makes this event read with interest by friends there as well as in Texas, and many are the wishes for her happiness.

Doctor Hoke comes from a prominent Kentucky family and has made many friends during his five years' residence in Waco. He is one of the foremost physicians of the city and his future promises brilliant success.

Dr. and Mrs. Hoke are for the present at the Hotel Raleigh, where friends hasten to extend their congratulations to this popular young couple.

How do you like it?

A group of young campers returned yesterday from a ten days' outing on the Bosque at Crooked crossing, on Arthur Mills' place, Guy D. Wilson, sporting editor of the Fort Worth Record, and former newspaper man and athletic coach of Waco, was in charge of the boys.

The camp was the third conducted by Wilson for boys of high school years and the youngsters returned in good shape after a most pleasant and beneficial outing. Wilson is planning a camp for next year that will be much bigger than any in the past, and plans to open it to boys all over the state.

Those in the group returning yesterday were Newton Lacy, Curtis Douglas, R. L. Henry, Jr., Howard Wood, Edward Armstrong and Charles Eubank.

Lampasas Interested in Oil Promotion

A gentleman who has just returned from Lampasas states that the people there have caught the oil fever, and there is a great deal of talk about oil and hardly a word regarding the European war.

One or two wells are going down, and in one of these, six miles north-east of the town, a showing of gas has been encountered which has encouraged the promoters very much. They will go on down with the well, and may carry it three thousand feet or more.

THE GOLDSTEIN-MIGEL CO.

"WACO'S GREATEST DEPARTMENT STORE"

Williamson and Mary Catharine Cheaves.

The following ladies were present: Mesdames W. F. Fell, B. F. Brentlinger, G. G. Hood, L. N. Miller, A. J. Murphy, D. B. Evers, J. D. Jones, O. D. Lewis, W. F. Andrus, W. H. Gibson, B. W. Cheaves, G. B. Campbell, S. S. Ripley, R. W. Gunn, C. M. Mack and Misses Venetian Murphy, Marie Fell and Hattie and Emma Schraeder and little Misses Mary Catharine Cheaves, Lucile Williamson, Eva Williamson Cheaves, Evelyn and Ruth Ripley.

Mrs. Lucile Stratton Kirksey Now Mrs. W. A. Hoke.

Quite a ripple of excitement was caused on Saturday when it was learned that Mrs. Lucile Stratton Kirksey and Dr. H. E. Hoke were married at ten o'clock that morning at the home of Rev. F. N. Calvin, the pastor of both bride and bridegroom. Just as quietly and without any ostentation whatever, did this young couple plight their troth.

Friends had scheduled this wedding for early fall, for it was known to many that this handsome young doctor loved sweet Lucile Kirksey, but they were quietly away and making their vows before the man of God who had watched this young bride grow from childhood to useful womanhood. Mrs. Hoke is the oldest daughter of Mr. and Mrs. S. E. Stratton of this city. She has known no other home than Waco, though frequent visits to Tennessee, the home of her parents, Kentucky and other states, makes this event read with interest by friends there as well as in Texas, and many are the wishes for her happiness.

Doctor Hoke comes from a prominent Kentucky family and has made many friends during his five years' residence in Waco. He is one of the foremost physicians of the city and his future promises brilliant success.

Dr. and Mrs. Hoke are for the present at the Hotel Raleigh, where friends hasten to extend their congratulations to this popular young couple.

How do you like it?

A group of young campers returned yesterday from a ten days' outing on the Bosque at Crooked crossing, on Arthur Mills' place, Guy D. Wilson, sporting editor of the Fort Worth Record, and former newspaper man and athletic coach of Waco, was in charge of the boys.

The camp was the third conducted by Wilson for boys of high school years and the youngsters returned in good shape after a most pleasant and beneficial outing. Wilson is planning a camp for next year that will be much bigger than any in the past, and plans to open it to boys all over the state.

Those in the group returning yesterday were Newton Lacy, Curtis Douglas, R. L. Henry, Jr., Howard Wood, Edward Armstrong and Charles Eubank.

Lampasas Interested in Oil Promotion

A gentleman who has just returned from Lampasas states that the people there have caught the oil fever, and there is a great deal of talk about oil and hardly a word regarding the European war.

One or two wells are going down, and in one of these, six miles north-east of the town, a showing of gas has been encountered which has encouraged the promoters very much. They will go on down with the well, and may carry it three thousand feet or more.

WHY

It Will Pay YOU to Buy Blankets NOW

By placing our Blanket orders very early, we secure every possible advantage in prices. And if you buy NOW, we hand this saving over to you.

A HOROSCOPE.

The possibilities of a specialized farm in Texas are not generally appreciated because there are so few examples to furnish information on the subject. The Fort Stockton Pioneer reports results upon a five hundred acre irrigated alfalfa farm near that place which are worthy of general notice. It says:

The gross earnings from this farm this year, will be about \$47,000, when all the crops have been garnered. The following is a true and correct report of the gross earnings of El San Pedro five hundred acre farm for 1916:

Pasture, winter and spring months, 1916	\$5,000.00
Gross alfalfa seed on 320 acres, 155,000 pounds, re-cleaned and sold at 16c a pound	24,000.00
Threshed alfalfa hay from seed crop on 320 acres, 150 tons at \$8 per ton	1,200.00
500 tons of hay at \$16 per ton	8,000.00
Pasture after irrigation season is over from November to January 1, 1917	4,900.00
Estimated returns from 100 acres of oats, 60 acres cane, and 50 acres of June corn	3,500.00
Total	\$47,000.00

This result in California would give a land valuation of from \$500 to \$1,000 an acre.

Texas has the only cheap land that is good to be found in the United States. The day is not far distant when the world will make this discovery and come flocking to Texas. When that time comes, Waco will soon become a city of 150,000 population, and the hum of cotton factories will be heard on almost every corner.

WILL COLQUITT DODGE THE ISSUE?

Culberson meets the issue squarely which is tendered by Mr. Bailey and tells why he voted for the child labor act. It was a demand of the democratic national platform, it accords with the principles of humanity, and it is consistent with a train of acts of the same general nature, such as the anti-lottery act, the white slave act and the Harrison anti-narcotic act, of which no question has been made by anybody. These were all philanthropic in tendency, but the child labor act touched the purse-strings of Big Business. Hence Big Business, ever sensitive when its purse is touched, raises a row and becomes the attack on the constitution. Culberson has stated his position. It is now up to Colquitt to be as candid. Yes or no is easily said. Would he have voted for the child labor act? If he fails to answer, it will be because he chooses to dodge the issue. He professes to be bold. Is he courageous enough to declare where he stands on this question?

Governor Dunne says that what impressed him most was that he rode all day and all night on a fast train and was still in Texas. Rocking round in the effete east, that train in the same time would have leaped Little Rhody, paused for breakfast in Connecticut, skipped through Massachusetts and Maine, and chased anelopes into the forests of Canada before sundown. Only an outsider can appreciate the vastness of Texas.

It was Colquitt who wrote a letter attacking Wilson, not Wilson who wrote a letter attacking Colquitt. In fact, O. B. C. has butted into everything that has been going on in the world during the last five years except the Chinese revolution, and he was so busy with Mexico at the time that happened he didn't find out about the trouble until it was all over.

If Colquitt as state senator was in favor of the abolishment of the fellow-servant's doctrine, Senator Perry Lewis, who was the author of the bill, was unable to discover it. Colquitt fought it as long as he could, and then made the best compromise he could, saying as much of the doctrine as he could. That is the record, and it will not wipe out.

Eleven "social and literary clubs" have just been closed at Fort Worth by the comptroller. The trouble with literary aspirations up there is they insist on too much gurgle, gurgle and too little "tra la la boom de-ay."

Cisco will soon have a \$20,000 hotel. As conditions improve, the demand for nine foot bed sheets, and shower baths takes on permanent and irresistible force.

FIRST STEP TOWARD CONSTRUCTION WHITE WAY AT NOON TODAY

Following a conference yesterday afternoon between the Y. M. R. L. white way committee, members of the city commission and City Electrician E. F. Copley, it was decided definitely that an official staff would be made on the white way at 12 o'clock noon today, at a point very near the intersection of Third and Austin streets, when the first blow will be struck with a pick in the hands of W. W. Naman, who has been a day in and day out advocate of and worker for the white way.

Present officially will be the Y. M. E. L. white way committee, composed of Messrs. W. W. Naman, W. V. Crawford, R. E. L. Montgomery and John Wright, and present also will be the mayor and city commissioners, together with City Electrician E. F. Copley, who is to build the white way system and who has taken a keen and unflagging interest in the matter from the very beginning.

After this official start work will begin in earnest on Wednesday morning, and dirt will fly quick and fast in the setting of the concrete foundations for the monumental light poles. City Electrician Copley said last night that the white way system will be ready for the Cotton Palace, which will be cheering news.

A piece of "big city business" will be the placing of the new police boxes and the fire alarm system on Austin street on these poles. The location of the fire alarm boxes will be marked by a red band, and the police boxes by a blue band. The service section will, of course, be underground.

The white way is at last on the road to actual realization.

COLQUITT SPEAKS IN WACO TONIGHT

With the intense interest that has developed in the run-off race between ex-Governor O. B. Colquitt and Senator C. A. Culberson for the senate, it is expected that Mr. Colquitt will be heard by a large crowd this evening at the corner of Eighth and Austin streets. He will begin speaking at 8 p. m.

Members of the reception committee will meet at 7:15 at the New State House to greet the ex-governor. Headed by a brass band a parade will be formed at the hotel just previous to the address and will march up Austin street to the corner of Eighth. Mr. Colquitt will spend the night here and leave in the morning for Corsicana.

Continued from page one.

COLQUITT CRITICS SEVERELY SCORED BY WACO PHYSICIAN

that he not be permitted to submerge the nation. (Signed) "JOHN M. DUNCAN." DUNCAN'S CRITICISM OF ADMINISTRATION. Mr. Duncan makes the further comment: "Permit me to add briefly that since the democratic party has been in power under Wilson it has abandoned the chief issue upon which it triumphed by repealing the free sugar provision of its own tariff law and by advocating a tariff commission. It has stricken from the trusts the light shackles of the Sherman law and substituted its mild penalties by mild reproofs to be administered by a figurehead commission. Its enormous expenditures, past and proposed, expose the sham of its platform censure of the republican party for extravagance and its own promises of economy and reform. As to the two P's, pork and preparedness, the parties are as nearly alike as two peas. So that there seems to be no issue between them as to which shall enjoy the power and spoils of office.

"The greatest need now of the democratic party is to be told the truth, realize it and return to its principles." JNO. M. DUNCAN.

COLQUITT'S CRITICISM NOT SO BAD AFTER ALL.

Now, in all fairness, do you believe that the criticism made by Governor Colquitt against the administration's inaction and indifference to the border trouble, and in the interest of the farmers of Texas on the one hand, cotton situation made two years ago, as such, as unjust, as venomous, as the above criticism of the Honorable John M. Duncan made as late as March 12, 1916?

COLQUITT NEVER ACCUSED OF DOUBLE DEALING.

I submit to you, Mr. Voter, that the Honorable John M. Duncan has been one of our prominent politicians, and is at present in line with those "has been" and "would be" politicians who have stamped this state, besmirching an honorable and open political record of Governor Colquitt, and yet they have never been bold enough to accuse him of double dealing or unfairness. They have known his every position during his political career, and have known that he has fearlessly fought for those principles held dear to him, and for the best interest of the people of Texas. Is it not right and honest for those who oppose Governor Colquitt's election to at least be fair in their statements about him, knowing that the people of Texas will vote fairly and honestly? Why should they attempt to hoodwink the voters of Texas by any misleading statements? Don't be fooled, Mr. Voter. Arouse yourself to the real principles involved. It is not that Colquitt has been guilty of the political sins he is accused of, but rather that the spleen of his enemies prompts them to the direst misrepresentations. Look closely. Even their "gum shoes" have not failed to leave their political tracks. Be fair—be just, and vote accordingly.

Yours very truly,
 L. L. McGLASSON.
 Waco, Texas, Aug. 21, 1916.

How can we increase the population, prosperity and popularity of Waco?

News of Marlin, Texas

The "Carlsbad of America," Where the Lame Learn to Walk, Appetites are Restored and Health is Regained. Where the Deepest Hot Wells in America Send Forth Limitless Quantities of Healing Waters.

R. C. FAIR, News Correspondent. Phone 493. Residence 415 Capps St.

Cotton Seed Bring \$36.00.

Marlin, Aug. 21.—The cotton market here today has hovered around 14.35, 14.75 being offered for good middling. Seed are finding a ready market at \$36.00 per ton.

Waco People at Marlin Hotels.

Marlin, Aug. 21.—Registered at local hotels today from Waco are: I. M. Bass, Harry Waugh, J. E. Strubling and son, G. B. Rogers, Y. P. Garrett, T. L. Lightfoot, J. Brown, D. E. Bell, J. B. Blockstock.

Parochial School Opens Sept. 11. Marlin, Aug. 21.—It was announced today by Sister M. Melane that St. Joseph's Parochial school will open on September 11. There will be no changes in the faculty this year, all of the sisters having returned from the mother house in San Antonio yesterday.

Mule Kicks J. H. Norwood.

Marlin, Aug. 21.—J. H. Norwood was painfully injured this morning when a mule was training him to another pasture kicked him, the blow taking effect on his leg, between the ankle and knee. He came to town for medical attention this afternoon. A severe fracture was suffered, but no serious result anticipated.

500 Bales Reach Marlin.

Marlin, Aug. 21.—Indications today are that this will be a very busy week in the cotton fields of Falls county. There has been a general exodus of the colored population and hundreds have left here for the fields. Local cotton receipts reached the five hundred mark today and this week should add a thousand bales to that number.

Road Boosters Get Home.

Marlin, Aug. 21.—The Falls county delegation to the meeting of the National Highway association at San Antonio have returned and report an enthusiastic success. The hearing and report stated that it was now up to Falls county to do its part, and he felt confident that the object of their representation would be accomplished.

New Hospital Near Completion.

Marlin, Aug. 21.—The hospital building which is being constructed by Dr. W. H. Allen at a cost of approximately \$50,000, is fast nearing completion. This building is on Coleman street, near the Arlington hotel, and when completed will be one of the most modern equipped institutions of its kind in central Texas. The heating and plumbing fixtures and equipment are said to be the most modern.

Marlin Man Goes to Bishop.

Marlin, Aug. 21.—Upon receipt of a letter from Bishop, Texas, advising him of extensive damage by the recent storm to a building owned by him and occupied by a newspaper plant, Mr. Max Levy left today for that place. The letter stated that the storm, which was the worst in the history of Bishop and that but few houses had a roof left on them, several brick buildings having collapsed. The front, back doors and windows and skylights blown in and the roof torn off by the wind.

McClanahan Planter on Cotton.

Marlin, Aug. 21.—W. Walker, a prosperous planter of McClanahan, was in Marlin this morning and stated to the News correspondent that he was of the opinion that Texas would have this year the shortest cotton crop of its recent history. He stated that he had just returned from a tour of south and central Texas and that the crop condition in much of the territory traversed is distressing. The Falls county crop, he added, is the best seen on the trip and in his opinion the best in the state, but that it will be far short of previous years. Mr. Walker predicts twenty-cent cotton.

Marlin Personal Notes.

Marlin, Aug. 21.—Jim Reynard has returned from Tyler, where he has been for the past six months, and is a commercial course in a business college.

Miss Mabel Bunch has returned after a week's visit with friends in Dallas.

Miss Kathryn Bowman of Mooreville is visiting in Marlin today.

Mrs. Lucy S. Wallace of Austin is visiting her sister, Mrs. A. D. Barrow.

Miss Sallie Burke Rush will leave Friday for Denton, where she will enter the C. I. A.

Albert Chilton returned last night from Mantoloking, Colo. Mr. Chilton was a member of the Cheevers-Lanthum automobile party who left here the first of August.

Miss Eleanor Stockdale is home after an extended visit with relatives and friends.

Mrs. A. P. Jones, Miss Itasca Jones, Miss Elvy Price and Joe Curry of Reagan stopped in Marlin for a day this morning. They are en route to Dallas in Mrs. Jones' automobile.

Hugh White of Waco was a Sunday visitor in Marlin.

Messrs. G. H. Wilson, Howard McGowan, Jno. O. Potts, T. M. Wilson, McGoughy and Cameron of Mart were visitors in Marlin Sunday.

Reagan Society Notes.

Reagan, Aug. 21.—Rev. Wester and family spent the past week in south Texas, visiting San Antonio and other cities.

Robert Higgins spent Sunday with the home folks.

Mrs. Brown Johnson and children of Port Arthur are guests of the former's father, T. B. Davis.

Pelix J. Turner and family of Marlin were guests of Mr. and Mrs. Otho Moore Sunday.

During the absence of their parents, the Misses Eunice and Ethel Wester spent the week with Misses Anne and Agnes Hetherington.

The recent showers have interfered only temporarily with cotton picking and about 200 bales have been ginned to date.

Hon. and Mrs. H. S. Morehead, Messrs. Marian and Bon Morehead of Franklin, Messdames S. A. Morehead and John Young of Bremond were guests of Mr. and Mrs. J. R. Burnett Sunday.

The Misses Lily and Shelly Harper of Mexia are visiting in the city, guests of Miss Sweet Canabiss.

Mr. and Mrs. T. A. Robbins and Little Miss Vera, with Mr. H. E. Price and Miss Elvy Price motored to Lott Sunday.

Mrs. Warren T. Thaggard and son, W. T., Jr., who have been pleasant guests in the homes of Mrs. L. H. Curry and Mrs. J. H. Kirkpatrick, left

Monday for a short visit in Marlin before returning to their home in Ala.

Among the visitors to Marlin Wednesday were Mr. and Mrs. Hetherington, Messdames Young and Burnett.

Miss Myrtle Higgins of Denton is a guest of Mrs. T. B. Higgins.

Mrs. Reese Brown of Bremond and Miss Ava Reese of Kerens visited Mrs. Wesley Shaufeld.

Miss Gene Kirkpatrick was among the Wednesday shoppers in Marlin.

Mrs. J. P. Robbins, with her son, Raftin Jones, spent a few days of the past week in Bremond.

Mrs. A. P. Jones, with Misses Itasca Jones and Elvy Price, will leave Monday for an overland trip to Dallas.

Jesse Crouch of Waco, representing the "Dixie Flyer," spent a few days in the city.

Mrs. Curry had as her guest Thursday Messdames Candy and Tubb of Marlin, and Mrs. W. T. Thaggard of Greenville, Ala.

D. L. Wardlow, city marshal of Quanah, is visiting in the city.

Dr. H. P. Curry was in Waco Friday.

Among the recent automobile purchases are Messrs. Jim Moore and C. C. Kelley.

Mrs. J. P. Robbins has as her guests Messdames E. W. Simmons of Bremond and Gratton Reed of Frost.

Ernest Reed, who has been the guest of his aunt, Mrs. J. P. Robbins, went to Bremond Thursday for a short visit before returning to his home in Frost.

Messrs. Dan McCall, Leverett Jones and Judy Chambliss were among the Sunday visitors from Bremond.

Mrs. Marian Leigh Burnett returned Monday from a short visit to relatives in Bremond.

Quite one of the prettiest pre-nuptial courtesies extended to Miss Winnie Higgins was the bridge party given by Mrs. J. G. Barganier Friday afternoon, at which time she entertained three tables of enthusiastic players.

Mrs. Barganier's hospitality is so well known that an invitation to her pleasant suburban home insures a delightful time. On this occasion the spacious rooms were further enhanced by bowls of cut flowers tastefully disposed. Five games were played, Miss Abbie Higgins holding high score and for her prowess was awarded a box of confectionery.

The sequencer to the honorarium was a beautiful embroidered towel. A delectable ice course was served the guests.

Quite in keeping with the nature of the invitations Tuesday afternoon the anything but pleasing was the heavy shower which, just as the expectant guests were starting to the home of Mrs. E. W. Shaufeld, to "celebrate" the marriage of Winnie Higgins, who on Wednesday evening will become the bride of Mr. Paul Van Pelt.

Mrs. Reese Brown of Bremond and Miss Sweet Canabiss, intimate friends of the bride, were the hostesses and no detail was lacking to make the most delightful indeed. Myriads of vines were gracefully festooned over windows and doorways, and a pleasing color was evidenced in the gorgeous yellow and brown sunflowers. Almost as dainty as the charming bride-elect was the snowy table on which stood a sumptuous wedding cake. What was the surprise and delight of Winnie when, at the first stroke of the knife the cake fell apart and out tumbled heaps upon heaps of presents.

Over the punch bowl, with Mrs. J. R. Burnett as toastmistress, toasts were drunk to the bride, the groom, the mother, the girls left behind and the hostesses.

Col. Poage Will Soon Name Committees for Reunion

Col. W. A. Poage, president of the McLennan county Old Settlers' association and general chairman of the day for the Old Settlers' picnic to be held at Cameron park Saturday, September 9th, is preparing the personnel of the various committees to be named for this event, which is proving such an annual treat for those who came here in the earlier days and enjoy meeting and mingling in reminiscent moods.

Colonel Poage states that such splendid work was done by his co-workers, both ladies and gentlemen, last year, that there will be little changes in the lists, the only regrettable thing being the passing away of a few of the early settlers to join the great hosts above.

Colonel Poage looks for one of the biggest gatherings and one of the most enjoyable ever had in the history of the movement. He wants everybody to get ready for a grand old time on Saturday, September 9th, at Cameron park, Waco.

IN THE LOCAL COURTS.

HIGH COST OF LIVING MAY BE CUT DOWN

The reducing of the "high cost of living" is a subject of never-failing interest to every householder, and when one of the big industries of the community sets out to help the people of Waco help themselves in this regard, the solution offered merits the consideration of everyone.

The recent advances in the price of wheat have caused the price of flour to soar "sky high" and the effect is brought still nearer home to every housekeeper in the increased price in bread which has taken place almost everywhere in the country.

The Sanitary Bakery, one of the largest bakeries in Central Texas, has undertaken to educate the people of Waco along lines of real economy. Their solution of the high cost of bread is printed elsewhere in the News this morning and should be read with careful attention by everyone who is interested in this vital question.

Bread is the staff of life, and a great responsibility rests upon the purveyors of this necessity. That they are striving to respond to this responsibility and do their full duty by the people is evidenced by this advertisement. It is an evidence of a new order of things—of the day when business houses do not arbitrarily advance prices, but rather seek to avoid doing so as long as possible, and strive to save the people's money instead of "grabbing" all of it they can.

Who will be next to offer a solution of some phase of the high cost of living problem?

To Begin Remodeling Chamber Commerce Quarters Soon

Plans are practically complete and work is expected to begin the last of this week on the remodeling of the old Texas Telephone company building, which will be occupied by the Chamber of Commerce, traffic department of the Chamber of Commerce and by some other institutions which have applied for space.

The plans for the building were prepared by Roy E. Lane & Co., and provide for some very decided changes and changes which are expected to make of this building one of the most up-to-date of its kind in this section of the state.

As soon as the changes proposed are an actuality the institutions and organizations which have secured space in it will move in, and as indicated the Chamber of Commerce and allied organizations will have a home of which all will feel proud.

Summer Punch and Pep come from a food that is rich in muscle-making material and is easily digested. It is what you digest, not what you eat, that makes healthy tissue.

Shredded Wheat Biscuit is full of body-building nutriment. The burden of years of food folly can be unloaded by going on a Shredded Wheat diet and sticking to it. Get back to Nature before it is too late. Shredded Wheat contains all the body-building material in the whole wheat grain. A cooling, satisfying Summer food. Eat it for breakfast with milk or cream; serve it for luncheon with berries. Made at Niagara Falls, N.Y.

A HOROSCOPE.

The possibilities of a specialized farm in Texas are not generally appreciated because there are so few examples to furnish information on the subject. The Fort Stockton Pioneer reports results upon a five hundred acre irrigated alfalfa farm near that place which are worthy of general notice. It says:

The gross earnings from this farm this year, will be about \$47,000, when all the crops have been garnered. The following is a true and correct report of the gross earnings of El San Pedro five hundred acre farm for 1916:

Pasturage, winter and spring months, 1916	\$5,000.00
Gross alfalfa seed on 330 acres, 155,000 pounds, re-cleaned and sold at 16c a pound	24,000.00
Threshed alfalfa hay from seed crop on 330 acres, 150 tons at \$8 per ton	1,200.00
500 tons of hay at \$16 per ton	8,000.00
Pasturage after irrigation season is over from November to January 1, 1917	4,000.00
Estimated returns from 100 acres of oats, 60 acres cane, and 50 acres of June corn.	3,800.00

Total\$47,000.00
This result in California would give a land valuation of from \$500 to \$1,000 an acre.

Texas has the only cheap land that is good to be found in the United States. The day is not far distant when the world will make this discovery and come flocking to Texas. When that time comes, Waco will soon become a city of 150,000 population, and the hum of cotton factories will be heard on almost every corner.

WILL COLQUITT DODGE THE ISSUE?

Culberson meets the issue squarely which is tendered by Mr. Bailey and tells why he voted for the child labor act. It was a demand of the democratic national platform, it accords with the principles of humanity, and it is consistent with a train of acts of the same general nature, such as the anti-lottery act, the white slave act and the Harrison anti-narcotic act, of which no question has been made by anybody. These were all philanthropic in tendency, but the child labor act also touched the purse-strings of Big Business. Hence Big Business, ever sensitive when its purse is touched, raises a row and denounces the attack on the constitution. Culberson has stated his position. It is now up to Colquitt to be as candid. Yes or no is easily said. Would he have voted for the child labor act? If he fails to answer, it will be because he chooses to dodge the issue. He professes to be bold. Is he courageous enough to declare where he stands on this question?

Governor Dunne says that what impressed him most was that he rode all day and all night on a fast train and was still in Texas. Rocking round in the effete east, that train in the same time would have leaped Little Rhody, paused for breakfast in Connecticut, skipped through Massachusetts and Maine, and chased anelopes into the forests of Canada before sundown. Only an outsider can appreciate the vastness of Texas.

It was Colquitt who wrote a letter attacking Wilson, not Wilson who wrote a letter attacking Colquitt. In fact, O. B. C. has butted into everything that has been going on in the world during the last five years except the Chinese revolution, and he was so busy with Mexico at the time that happened he didn't find out about the trouble until it was all over.

If Colquitt as state senator was in favor of the abolishment of the fellow-servant's doctrine, Senator Perry Lewis, who was the author of the bill, was unable to discover it. Colquitt fought it as long as he could, and then made the best compromise he could, saving as much of the doctrine as he could. That is the record, and it will not wipe out.

Eleven "social and literary clubs" have just been closed at Fort Worth by the comptroller. The trouble with literary aspirations up there is they insist on too much gurgling, gurgling and too little "tra la la boom de-ay."

Cisco will soon have a \$20,000 hotel. As conditions improve, the demand for nine foot bed sheets, and shower baths takes on permanent and irresistible force.

FIRST STEP TOWARD CONSTRUCTION WHITE WAY AT NOON TODAY

Following a conference yesterday afternoon between the Y. M. B. L. white way committee, members of the city commission and City Electrician E. F. Copley, it was decided definitely that an official start would be made on the white way at 12 o'clock noon today, at a point very near the intersection of Third and Austin streets, when the first blow will be struck with a pick in the hands of W. W. Naman, who has been a day in and day out advocate of and worker for the white way.

Present officially will be the Y. M. B. L. white way committee, composed of Messrs. W. W. Naman, W. V. Crawford, R. E. L. Montgomery and John Wright, and present also will be the mayor and city commissioners, together with City Electrician E. F. Copley, who is to build the white way system and who has taken a keen and unflinching interest in the matter from the very beginning.

After this official start work will begin in earnest on Wednesday morning, and dirt will fly quick and fast in the setting of the concrete foundations for the ornamental lighting posts. City Electrician Copley said last night that the white way system will be ready for the Cotton Palace, which will be cheering news.

A piece of "big city business" will be the placing of the new police boxes and the fire alarm system on Austin street on these poles. The location of the fire alarm boxes will be marked by a red band, and the police boxes by a blue band. The service section will, of course, be underground. The white way is at last on the road to actual realization.

COLQUITT SPEAKS IN WACO TONIGHT

With the intense interest that has developed in the run-off race between ex-Governor O. B. Colquitt and Senator C. A. Culberson for the senate, it is expected that Mr. Colquitt will be heard by a large crowd this evening at the corner of Eighth and Austin streets. He will begin speaking at 8 p. m.

Members of the reception committee will meet at 7:15 at the New State House to greet the ex-governor. Headed by a brass band a parade will be formed at the hotel just previous to the address and will march up Austin street to the corner of Eighth. Mr. Colquitt will spend the night here and leave in the morning for Corsicana.

COLQUITT CRITICS SEVERELY SCORED BY WACO PHYSICIAN

CONTINUED FROM PAGE ONE

that he is not permitted to submerge the nation. (Signed) "JOHN M. DUNCAN." **DUNCAN'S CRITICISM OF ADMINISTRATION.** Mr. Duncan makes the further comment: "Permit me to add briefly that since the democratic party has been in power under Wilson it has abandoned the chief issue upon which it triumphed by repealing the free sugar provision of its own tariff law and by advocating a tariff commission. It has stricken from the trusts the light shackles of the Sherman law, those substituted its mild penalties by mild reproofs to be administered by a figurehead commission. Its enormous expenditures, past and proposed, expose the sham of its platform, ensure of the republican party for extravagance and its own promises of economy and reform. As to the two P's, pork and preparedness, the parties are as nearly alike as two peas. So that there seems to be no issue between them as to which shall enjoy the power and spoils of office.

"The greatest need now of the democratic party is to be told the truth, realize it and return to its principles." JNO. M. DUNCAN. **COLQUITT'S CRITICISM NOT SO BAD AFTER ALL.** Now, in all fairness, do you believe that the criticism made by Governor Colquitt against the administration's inaction and indifference to the border trouble, and in the interest of the farmers of Texas on the cotton situation made two years ago, was as scathing, as unjust, as venomous, as the above criticism of the Honorable John M. Duncan made as late as March 12, 1916?

COLQUITT NEVER ACCUSED OF DOUBLE DEALING.

I submit to you, Mr. Voter, that the Honorable John M. Duncan has been one of our prominent politicians, and is at present in line with those "has been" and "would be" politicians who have stumped this state, besmirching an honorable and open political record of Governor Colquitt, and yet they have never been bold enough to accuse him of double dealing or unfairness. They have known his every position during his political career, and have known that he has fearlessly fought for those principles held dear to him, and to the best interest of the people of Texas. Is it not right and honest for those who oppose Governor Colquitt's election to at least be fair in their statements about him, knowing that the people of Texas will vote fairly and honestly? Why should they attempt to hoodwink the voters of Texas by any misleading statements? Don't be fooled, Mr. Voter. Arouse yourself to the real principles involved. It is not that Colquitt has been guilty of the political sins he is accused of, but rather that the spleen of his enemies prompt them to direct misrepresentation. Look closely. Even their "gum shoes" have not failed to leave their political tracks. Be fair—be just, and vote accordingly.

Yours very truly,
I. L. McGLASSON.
Waco, Texas, Aug. 21, 1916.

How can we increase the population, prosperity and popularity of Waco?

News of Marlin, Texas

The "Carlsbad of America." Where the Lame Learn to Walk, Appetites are Restored and Health is Regained. Where the Deepest Hot Wells in America Send Forth Limitless Quantities of Healing Waters.

Anyone having news matter or items of interest will please phone them in to Mr. Fain by 4 o'clock each day.

Cotton Seed Bring \$36.00.
Marlin, Aug. 21.—The cotton market here today has been active and 14.35, 14.75 being offered for good middling. Seed are finding a ready market at \$36.00 per ton.

Waco People at Marlin Hotels.
Marlin, Aug. 21.—Registered at local hotels today from Waco are: J. M. Bass, Harry Vaughn, J. E. Stribling and son, G. B. Rogers, Y. P. Garrett, T. L. Lightfoot, W. J. Brown, D. E. Bell, J. B. Blockstock.

Parochial School Opens Sept. 11.
Marlin, Aug. 21.—It was announced today by Sister M. Melane that St. Joseph's Parochial school will open on September 11. There will be no changes in the faculty this year, all of the sisters having returned from the mother house in San Antonio yesterday.

Mule Kicks J. H. Norwood.
Marlin, Aug. 21.—J. H. Norwood was painfully injured this morning when a mule which he was transferring to another pasture kicked him, the blow taking effect on his leg, between the ankle and knee. He came to town for medical attention this afternoon. A severe fracture was suffered, but no serious result anticipated.

500 Bales Reach Marlin.
Marlin, Aug. 21.—Indications today are that this will be a very busy week in the cotton fields of Falls county. There has been a general exodus of the colored population, and hundreds have left here for the fields.

Local cotton receipts reached the five hundred mark today and this week should add a thousand bales to that number.

Road Boosters Get Home.
Marlin, Aug. 21.—The Falls county delegation to the meeting of the National Highway association at San Antonio have returned and report an enthusiastic meeting. Judge George Carter stated that it was now up to Falls county to do its part, and he felt confident that the object of their representation would be accomplished.

New Hospital Near Completion.
Marlin, Aug. 21.—The hospital building which is being constructed by Dr. W. H. Allen at a cost of approximately \$30,000, has nearly reached completion. This building is on Coleman street, near the Arlington hotel, and when completed will be one of the most modernly equipped institutions of its kind in central Texas. The heating and plumbing fixtures and equipment are said to be the most modern.

Marlin Man Goes to Bishop.
Marlin, Aug. 21.—Upon receipt of a letter from Bishop, Texas, advising him of extensive damage by the recent storm to a building owned by him and occupied by a newspaper plant, Mr. Max Levy left today for that place. The letter stated that the storm was the worst in the history of Bishop and that but few houses had a roof left on them, several brick buildings having collapsed. Mr. Levy's building had the front, back doors and windows and skylights blown in and the roof torn off by the wind.

McClanahan Planter on Cotton.
Marlin, Aug. 21.—J. W. Walker, a prosperous planter of McClanahan, was in Marlin this morning and stated to the News correspondent that he was of the opinion that Texas would have this year the shortest cotton crop of its recent history. He stated that he had just returned from a tour of south and central Texas and that the crop condition in much of the territory traversed is distressing. The Falls county crop, he added, is the best seen on the trip and in his opinion the best in the state, but that it will be far short of previous years. Mr. Walker predicts twenty-cent cotton.

Marlin Personal Notes.
Marlin, Aug. 21.—Jim Reynard has returned from Tyler, where he has been for the past six months, taking a commercial course in a business college.

Miss Mabel Bunch has returned after a week's visit with friends in Dallas.

Miss Kathryn Bowman of Mooreville is visiting in Marlin today. Mrs. Lucy S. Wallace of Austin is visiting her sister, Mrs. A. D. Barrow.

Miss Sallie Burke Rush will leave Friday for Denton, where she will enter the C. I. A.

Albert Clinton returned last night from Manitou, Colo. Mr. Clinton was a member of the Cheevers-Linthicum automobile party who left here the first of August.

Miss Eleanor Stockdale is home after an extended visit with relatives and friends.

Mrs. A. P. Jones, Miss Itasca Jones, Miss Elvy Price and Joe Curry of Reagan stopped in Marlin for a short visit this morning. They are en route to Dallas in Mrs. Jones' automobile.

Hugh Whitner of Waco was a Sunday visitor in Marlin.

Messrs. Glen P. Wilson, Howard Wilson, Jno. O. Potts, T. M. Wilson, McGoughy and Cameron of Mart were visitors in Marlin Sunday.

Reagan Society Notes.
Reagan, Aug. 21.—Rev. Wester and family spent the past week in south Texas, visiting San Antonio and other cities.

Robert Higgins spent Sunday with the home folks.

Brown Johnson and children of Port Arthur are guests of the former's father, T. B. Davis.

Felix J. Turner and family of Marlin were guests of Mr. and Mrs. Otho Moore Sunday.

During the absence of their parents, the Misses Eunice and Ethel Westor spent the week with Misses Anne and Agnes Hetherington.

The recent showers have interfered only temporarily with cotton picking and about 200 bales have been ginned to date.

Monday for a short visit in Marlin before returning to the home in Alabama. Among the visitors to Marlin Wednesday were Mr. and Mrs. Hetherington, Messdames Young and Burnett. Miss Myrtle Higgins of Denton is a guest of Mrs. C. B. Higgins.

Mrs. Reese Brown of Bremond and Miss Ava Reese of Kerens visited Mrs. Wesley Shaunfield.

Miss Gem Kirkpatrick was among the Wednesday shoppers in Marlin. Mrs. J. P. Robbins, with her son, Raglin Jones, spent a few days of the past week in Bremond.

Mrs. A. Jones, with Misses Itasca Jones and Elvy Price, will leave Monday for an overland trip to Dallas.

Jesse Crouch of Waco, representing the "Dixie Flyer," spent a few days in the city.

Mrs. Curry had as her guest Thursday Messdames Canady and Tubb of Marlin, and Mrs. W. T. Thaggard of Greenville, Ala.

L. L. Wardlaw, city marshal of Quanah, is visiting in the city.

Dr. H. P. Curry was in Waco Friday.

Among the recent automobile purchasers are Messrs. Jim Moore and C. C. Kelley.

Mrs. J. P. Robbins has as her guests Messdames E. W. Simmons of Bremond and Gratton Reed of Frost.

Ernest Reed, who has been the guest of his aunt, Mrs. J. P. Robbins, went to Bremond Thursday for a short visit before returning to his home in Frost.

Messrs. Dan McCall, Leverett Jones and Judy Miamiles were among the Sunday visitors from Bremond.

Miss Marian Leigh Burnett returned Monday from a short visit to relatives in Bremond.

Quite one of the prettiest pre-nuptial courtesies extended to Miss Winnie Higgins was the bridge party given by Mrs. J. G. Barganier Friday afternoon, at which time she entertained three tables of enthusiastic players. Mrs. Barganier's hospitality is so well known that an invitation to her pleasant suburban home insures a delightful time. On this occasion the note was given that a box of stationery was further enhanced by bowls of cut flowers tastefully disposed. Five games were played, Miss Abbie Higgins holding high score and for her prowess was awarded a box of stationery. The souvenir to the honoree was a beautiful embroidered towel. A delectable ice course was served the guests.

Quite in keeping with the nature of the invitations, Tuesday afternoon the anything but pleasing was the heavy shower which, just as the expectant guests were starting to the home of Mrs. H. W. Shaunfield, was evidenced in the gorgeous yellow and brown sunflowers. Almost as dainty as the charming bride-elect was the snowy table on which stood a handsome wedding cake. What was the surprise and delight of Winnie when, at the first stroke of the knife the cake fell apart and out tumbled heaps upon heaps of presents, both useful and ornamental. Over the punch bowl, with Mrs. J. R. Burnett as toastmistress, toasts were drunk to the bride, the groom, the mother, the girls left behind and the hostesses.

Col. Poage Will Soon Name Committees for Reunion

Col. W. A. Poage, president of the McLennan county Old Settlers' association, and general chairman of the "Old Settlers' picnic to be held at Cameron park Saturday, September 9th, is preparing the personnel of the various committees to be named for this event, which is proving such an annual trend for those who came here in the earlier days and enjoy meeting and mingling in reminiscent moods.

Colonel Poage states that such splendid work was done by his co-workers, both ladies and gentlemen, last year, that there will be little changes in the lists, the only regrettable thing being the passing away of a few of the early settlers to join the great hosts above. Colonel Poage looks for one of the biggest gatherings and one of the most enjoyable ever had in the history of the movement. He wants everybody to get ready for a grand time on Saturday, September 9th, at Cameron park, Waco.

Barred by your Complexion!

Does a pimply, unattractive skin shut you out from the full enjoyment of the summer's pleasures? Then think of this:

To use Resinol Soap means that each time you cleanse your face you give it a "beauty treatment" with the soothing, healing Resinol medication. If aided, in severe cases, by a little Resinol Ointment, this usually leaves the complexion naturally clear and fresh. It is equally effective in protecting delicate skins from the effects of summer's sun, heat and dust. All druggists sell Resinol Ointment and

HIPPODROME.

"The Payment."

With characteristic impressiveness and depth of feeling Bessie Barriscale, "The Great," plays her new role in the latest Ince-Triangle drama, "The Payment," showing at the Hippodrome theatre today only. The character of Phyllis Page is repellent in some ways and admirable in others, and very subtly, very naturally, and very intelligently has Miss Barriscale caught and held the attention and interest and at times the wholehearted sympathy of her audience as it views the girl's ambition and longing along the way of her talent which leads her at last to sell her honor to obtain it. At no time is Phyllis Page a despicable character and one to be shunned, even though in less capable hands she would be none above the woman of the street. William Desmond, also, in the role of the young lover, does excellent work, but next to Miss Barriscale herself Chas. Millet carries off the acting honors of the play. Millet, in the first place, looks his part perfectly. He is not a matinee idol and neither is the character which he portrays. He plays the wealthy, every day man of affairs, a business man who can and does afford to indulge in his passing love affairs with ease and nonchalance and without the breath of scandal to mar his standing. In this characterization Millet is in a class apart.

Phyllis Page is a gifted artist and no one knows her real talent better than she does. Without money for study and without friends and influence to secure money, she finally succeeds, in her great desire for fame to sell herself to the business man in return for a year's study in Europe. A few years later when she reached the success she craves, the two meet and agree to be mere acquaintances. Thus

COTTON PALACE BOARD INSPECTS THE GROUNDS

DIRECTORS ARE PLEASED AT ENLARGEMENT AND ALTERATIONS IN COLISEUM.

Racing Program Is Shaping Up Nicely. Believes 1916 Exposition Will Set Record.

The directors of the Texas Cotton Palace met yesterday afternoon at 4 o'clock on the grounds, with President T. F. Bush in charge. The coliseum, which because of its rearrangement and its greater seating capacity must be considered new, and which does appear entirely new to the eye, was gone over in detail. The seating arrangement, with the stage located in the east end of the building, is much more attractive and every seat is a good seat. Fully twenty-five per cent more people can be accommodated comfortably which gives to the Texas Cotton Palace coliseum a seating capacity that is equal to any building of this character in the state, and larger than a great many exposition auditoriums.

The directors inspected the grounds, the new livestock buildings which are under construction and arranged for additional ground improvements to take in the new land recently acquired by the association. The premiums for exhibits of all kinds are more extensive than ever before and comment was made on the fact that a greater number of livestock raisers, corn growers, cotton growers and people interested in farm products of all kinds have signified their intention of exhibiting at the 1916 exposition than ever before this far in advance of the opening date of the show.

The farmers generally are greatly interested in the agricultural exhibits and the work on the addition to the agricultural building, which is to accommodate the many new exhibits, will be started within the next few days.

With President Bush back, final details are being closed up and the complete program, which is to be announced next Sunday, will carry with it many new and unique features that will add to the educational as well as the amusement features of the exposition. The race track, which was submitted by those who know last year to be one of the best tracks in the state, has been greatly improved and a splendid racing program will be carried out. Many fine horses are being listed daily for the race events for the second week of the big show, and the best football games that will be witnessed in this state are scheduled for the first week. The athletic field is in ship-shape condition and by the time the Cotton Palace opens will excel any field in the south.

Patrick Conway, who will direct his world-famed band and some of the days of the Texas Cotton Palace, is enthusiastic over his coming trip to Waco. Letters are being received from him indicating that he is planning to establish new records for himself and band during his engagement here. People who have talked with him since he signed the contract to play at the Cotton Palace say that he is most enthusiastic about coming. A recent letter from him indicated that he was working on an elaborate program that will combine all that is worth while in music, from the highly classical to the popular music of the day, and some entirely new music is to be presented for the first time here in Waco for the approval of his audiences.

All committees made reports at yesterday's meeting and all brought out the fact that the 1916 Texas Cotton Palace was destined to present a new record for features in the history of the show. Much is yet to be accomplished, but all committees are settling down to the hard work that necessarily comes during the two months just before the opening day, and the hundreds and hundreds of details that go to make up a completed exposition will daily round themselves into final shape.

Negro Lawyer Will Speak Tonight

One of the crowning features of the Baptist Sunday school congress, colored, which closed with an immense crowd in New Hope park last night, was an address delivered by Hon. W.

INDOOR LIFE MAKES FAT

TRY OIL OF KOREIN TO KEEP WEIGHT DOWN, OR TO REDUCE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Morrison Drug Co. or a good druggist and get a box of oil of korein capsules and take one after each meal and one just before retiring at night.

Even a few days' treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; footprints become lighter and flabby skin disappears as superfluous fat disappears. Oil of korein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

H. Harrison, an eminent negro lawyer of Oklahoma City. This address was so well received and so highly appreciated that Lawyer Harrison was urged to speak again before leaving the city. Accordingly plans have been arranged for him to make an address in the New Hope Baptist church this evening at 8 p. m. White citizens are assured a welcome.

Old Paper in Shoe Heel Is Clue for Detective Hall

Bits of paper placed in the heel of a pair of shoes to make the foot more comfortable furnished the clue that led Detective R. H. Hall to arrest a Katy switchman for theft yesterday. The switchman had gone into a shoe shop on the east side yesterday to get new heels and soles placed on a pair of shoes. When the work was completed, the man put on the repaired shoes, but instead of paying the bill of \$1.10, he ran out of the shop with his good shoes, leaving an old pair behind. The frantic chase of the cobbler after the fleeing stranger got no results.

Detective Hall had no clue but the old shoes left behind. He took the bits of dirty cardboard in the heels and began his merry bit of clever sleuthing, which led to his capture of the man at Bell Mead.

Card of Thanks.

We wish to extend to our dear friends our sincere thanks for the many kind deeds shown us during the illness and death of our beloved wife and mother. We also wish to take this method of thanking Dr. N. A. Olive for his efficient and patient services rendered our dear one during her lengthy illness.

HUDSON SUPER-SIX IS WINNER OF HILL EVENT

STOCK CAR OF HUDSON TAKES CLIMBING HONORS AGAINST PROFESSIONAL CARS.

Super-Six Practically Makes a Clean Sweep of Big Auto Show in Spokane Recently.

"The Hudson Super-Six won the feature event at the Spokane meet which was a part of the auto show," said Percy Willis, Hudson distributor for Waco.

"The big motor car event of the day was the hill climbing contest, which was listed as event No. 4, between the winners of the first three classes. This was easily captured by an absolutely stock Super-Six, beating a number of non-stock cars and particularly a popular eight which was stripped of body, fenders and running boards and used a canvas hood. The hill course was 2,139 feet with an average grade of 7.55 per cent. The time of the Super-Six was 36 4-5 seconds. The stripped eight was second in 38 1-5 seconds. The Super-Six's time was the best ever made up this particular hill—Spokane's test hill—in a contest on high gear.

"The trophy for the winner of this event was the Spokane Review silver cup. The meet was sanctioned by the American Automobile association under class C, for non-stock cars, and the association's representative, Frank W. Guilbert, was at the finish line.

"The Super-Six also annexed event No. 2, for cars with a motor displacement of from 231 to 300 cubic inches, which was a dash to test speed. The Hudson car made a speed of forty-five miles an hour at the finish line doing the dash in thirty-seven seconds flat.

"On another day of the auto show contests, the Super-Six won the 100-yard dash. The requirements were that the driver should be standing on the ground with the door closed; at the pistol shot he must open the door, jump in, start the engine, drive 100 yards and stop on the line. Frank McDonald defeated a number of entrants for this event in 15 2-5 seconds.

"It will be seen that the Hudson Super-Six practically made a clean sweep by defeating all winners of other events in the fourth event, and by capturing the coveted silver trophy, as well as others of the events to which its piston displacement made it eligible to start."

Hudson Now Holds World's Greatest Hill-Climbing Record

Makes Fastest Time Up Pike's Peak

No hill-climb or mountain test in the world equals that imposed on motor cars that race to the summit of Pike's Peak. A Hudson Super-Six Special made the best time of more than 20 contestants to the top of America's most famous mountain, over the longest, steepest, highest travelable road in the world.

The start, at a mile and three-quarters above the sea, is higher by far than is the altitude of the finishing line in most hill-climbs.

The finishing point of Pike's Peak is almost two and three-quarter miles above sea level. In the twelve and a fraction miles of the course there are 60 turns, and the rise is almost one mile high. There is no place where the car is not climbing.

The high altitude affects the power efficiency of the motor and water boils at such low temperature that motors cannot be cooled as they are in lower levels.

Hudson Fastest Time

The Hudson climbed up this winding steep road to the "Top of the World" in 18 minutes, 24 seconds. Its time was 2 1-2 minutes faster than the next fastest car.

This feat now gives to Hudson practically every worth-while record. In speed—when 102.3 miles an hour was attained at Daytona, in endurance—when 1819 miles were covered in 24 hours, with a stock Super-Six chassis we established marks not likely soon to be equalled.

Now we have added to these the greatest of all hill-climbing feats. In

it we have shown the endurance of the Super-Six.

Others Failed

Motors of some of the most famous racing cars in the world were unable to withstand the strain of that climb and so did not get to the summit.

It is constant hard pulling all the way and more than three-quarters of the distance must be made in second speed, even with specially geared cars.

In addition to mere climbing, as is required in all hill-climbs, here is added the difficulties of carburetion and cooling.

The altitude that affects one's breathing so much that even the strongest man can stand only the least amount of physical exertion, has a similar effect in reducing the power of the motor.

We made that record in a contest in which were entered, as described by a Denver newspaper, "Fours—Sixes—Eights—Twelves and Super-Sixes."

And, as in all tests in which they have been entered, the best performance was shown by the Super-Six.

City Dads May Take Up Dim Headlight Measure Thursday

Probably at the meeting of the city commission Thursday there will be up for consideration the question of a band and the matter of future concerts, also the city dads probably will consider the proposed regulations as to dimming lights on machines. It is declared by auto drivers that there has come to be a great requirement for the dimming of lights, and that with this precaution observed, many accidents would be avoided which are now recorded.

The commission did not consider these matters long at the last meeting for the reason that some members of the body were absent, and it was desired to have a full commission present when these matters were taken up.

Waco Baptists Are Looking Toward State Convention

Already the Baptists of Waco are looking forward to the great gathering of the Baptist hosts in this city during the week beginning with Thursday, November 23, as at that time the state Baptist convention will be in session here.

It has been decided that the annual sermon will be preached by Rev. George W. Truett of Dallas, and it is certain that the seating capacity of the meeting place will be taxed on this occasion, as he is one of the really great men, not only of Texas but of the entire country.

Last year the Baptist state convention was held in Austin, and at that time it was decided to meet in Waco. Educational and missionary matters will be among the chief themes to be discussed at the gathering, though many matters will receive attention.

WANT MORE INTEREST IN FLAG SELECTION

ROTARIANS THINK MUNICIPAL FLAG CONTEST SHOULD AROUSE INTEREST.

MAY GET DAYTON EXPERT

Civic Committee Planning for an Address on City Ideals by Ohio Man. Number of Lunch Talks.

Declaring that the contest inaugurated by the Rotarians to secure a municipal flag design for Waco deserved more interest than it is getting, Colonel V. W. Seley, as a member in charge of the contest, at the regular meeting of the club yesterday made a plea for more entrants in the contest. He explained that the three cash prizes should induce many to submit a design for the flag and that if they were in the winning class the prize would be well worth the effort. Colonel Seley explained that the contest was open to all, not excluding the Rotarians themselves and that the provisions governing the competition could be found in the local papers. Jim Wright was toastmaster for the luncheon and he called on a number of visitors and members for brief talks, which constituted the chief part of the day's program.

"The Waco crowd showed up well at the state good roads meeting at San Antonio and a Waco speaker, County Engineer R. J. Windrow, read one of the finest papers of the entire convention," said E. F. Drake, who reported to the Rotarians on his trip to the gathering of the highway enthusiasts. Mr. Drake said that Mr. Windrow was given an ovation by the assembly when he arose to read his paper on the McLennan county good roads system. After the paper had been finished, a Houston delegate moved that the paper be read into the proceedings. Mr. Drake explained that this was the highest compliment paid any paper on the program. McLennan county's roads and the maintenance system was repeatedly referred to by speakers. It was common for various good roads advocates to insist that "in McLennan county the people knew what they were voting for before the election, and after the election they got what they voted for," said Mr. Drake.

WANT ILLINOIS GOVERNOR TO SPEAK.

President F. L. Booth said that B. B. Cobb and he had had the pleasure of welcoming Governor Dunn of Illinois as he came through from his border inspection last week and that they had invited him to stop over in Waco during his Texas trip and make an address. The governor promised to do this if his schedule would permit. Mr. Booth said that a national officer of Rotary was accompanying Mr. Dunn, and proved to be a most agreeable gentleman.

R. J. Potts, chairman of the Rotary civic improvement committee, explained to the club that it would be time soon for the final inspection of the flower gardens of the city which have been entered in the Rotary contest. This inspection is to be about September 10, and will be the means of securing information, which taken with the data secured in June, will form the basis for awarding the numerous prizes. The committee now has the securing of a competent floriculturist under advisement.

Another matter being handled by the civic improvement committee is the arrangement for an address in this city by a municipal expert from Dayton, Ohio. This was suggested by the Welfare League and is being undertaken by the Rotary club. The committee is planning to arrange for an itinerary of the speaker in the leading cities of the state as a measure of service and economy.

WANTS CO-OPERATION FOR THE REUNION.

Col. W. A. Poore explained that the Old Settlers' reunion was to be held at Cameron park September 9, and that it would make a strong appeal to a class of citizens, the aged, who deserved the finest spirit of hospitality of which the city was capable of giving.

He thought this fostering of the reunion for the old people was a splendid philanthropic enterprise and should enlist the co-operation of every Waco citizen. He said that the day was not set apart solely for the old settlers, but was given in their honor, and that all old people were cordially invited to be present on the occasion.

Henry M. Daine, who was called on by the toastmaster for a brief talk, gave some early dates in Waco history suggested by the Old Settlers' reunion. He said that McLennan county was formerly a part of Robertson and Milam counties. The city, he explained, was surveyed off in 1849 by Major Brath. Mr. Daine also promised that the Morning News would be glad to aid in securing greater interest in the municipal flag contest.

NUMBER OF BRIEF TALKS MADE.

E. R. Sparks, who has just returned from the border, said that there was very little sickness among the troops stationed near Brownsville. Louis Crow told of a very successful convention of the state laundriesmen at Galveston. J. M. Penland, telling of his observations on conditions in and around San Marcos, said that the farmers were unusually progressive in that section and that cotton was now being harvested

and marketed rapidly. Others called on were Mike Montgomery of McGregor, R. F. Sikes of Ennis, F. Vollbach of Louisville, Ky., J. E. Semple of Navasota, H. Hagedorn and W. W. Naman.

Secretary James Hays Quarles read a report on the recent international Rotary convention at Cincinnati which showed that over 87 per cent of the clubs were represented by delegates at the gathering. Among the correspondence which he read was a letter from President Perry A. Duncan of the Young Men's Business League, which pledged the efforts of that organization to co-operate with the Rotarians in securing Governor Dunn for an address here within the next few days. L. C. Puckett was the successful member for the weekly prize, receiving a season pass to the Hippodrome as a courtesy from Manager J. P. Everett. F. A. Gildersleeve, commercial photographer, was announced as the orator for the luncheon next Monday.

Hudson Now Holds World's Greatest Hill-Climbing Record

Makes Fastest Time Up Pike's Peak

No hill-climb or mountain test in the world equals that imposed on motor cars that race to the summit of Pike's Peak. A Hudson Super-Six Special made the best time of more than 20 contestants to the top of America's most famous mountain, over the longest, steepest, highest travelable road in the world.

The start, at a mile and three-quarters above the sea, is higher by far than is the altitude of the finishing line in most hill-climbs.

The finishing point of Pike's Peak is almost two and three-quarter miles above sea level. In the twelve and a fraction miles of the course there are 60 turns, and the rise is almost one mile high. There is no place where the car is not climbing.

The high altitude affects the power efficiency of the motor and water boils at such low temperature that motors cannot be cooled as they are in lower levels.

Hudson Fastest Time

The Hudson climbed up this winding steep road to the "Top of the World" in 18 minutes, 24 seconds. Its time was 2 1-2 minutes faster than the next fastest car.

This feat now gives to Hudson practically every worth-while record. In speed—when 102.3 miles an hour was attained at Daytona, in endurance—when 1819 miles were covered in 24 hours, with a stock Super-Six chassis we established marks not likely soon to be equaled.

Now we have added to these the greatest of all hill-climbing feats. In

it we have shown the endurance of the Super-Six.

Others Failed

Motors of some of the most famous racing cars in the world were unable to withstand the strain of that climb and so did not get to the summit.

It is constant hard pulling all the way and more than three-quarters of the distance must be made in second speed, even with specially geared cars.

In addition to mere climbing, as is required in all hill-climbs, here is added the difficulties of carburetion and cooling.
